

Brimfield CUSD #309 Board of Education
Building & Grounds Committee Meeting
March 29, 2019 9:00 am
District Office

Mr. Thompson called the meeting of the Brimfield CUSD #309 Building & Grounds committee to order at 9:03 am. Members present; Mr. Thompson, Mr. Kenney, and Mr. Heinz. Other participants in the meeting; Jim Cathey, Dan Hendrick, Jeff Rieden, Eric Devore and Robert Richardson.

Eric Devore provided an overview of the work completed over Spring Break. He explained the situation with the lights in some of the classrooms. The engineer, contractor and owners would review the situation after the meeting concluded. The contractor asked about removal of ceiling fans in direct position of the cassette units. Discussion was had about the height of the units if the owners ever desired to put a drop ceiling throughout the building.

Discussion took place about the electrical and the requirements of Ameren to have a large pad and conduit to house the wiring. Ameren requirements would cost \$9500 plus added expense from Laser electric. The committee felt like this was discussed in the process of developing the project with Keach and MEP. Warner Mechanical is expecting more equipment to be delivered this next week and will be sending an invoice and labor sheet in for payment.

The committee discussed the next meeting on April 26, 2019 at 9 am. The meeting adjourned at 9:46 am.

Dan Heinz, Board President

Mark Hoerr, Board Secretary
