

# Comprehensive Needs Assessment 2020 - 2021 School Report

**Sumter County  
Sumter County Primary School**

## 1. PLANNING AND PREPARATION

### 1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member’s name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

#### Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Dr. Renee’ Mays
Team Member # 2	Assistant Principal	Rosemery Jones
Team Member # 3	ELA Coach	Dr. Pam Douglas
Team Member # 4	Math Coach	Dr. Jadedra Gilmore
Team Member # 5	Media Specialist	Jill Youngdale
Team Member # 6	School Counselor	Brandi Roland
Team Member # 7	Pre-K Coordinator	Casey Pitts

#### Additional Leadership Team

	Position/Role	Name
Team Member # 1	Pre-K Lead Teacher	Hope Bateman
Team Member # 2	Pre-K Lead Teacher	Laura Williams
Team Member # 3	Kindergarten Team Leader	Holli Farr
Team Member # 4	Kindergarten Team Leader	Dr. Mary Butts
Team Member # 5	1st Grade Team Leader	Archina McRae
Team Member # 6	1st Grade Team Leader	Mary Ann Hammack
Team Member # 7	Special Ed. Lead Teacer	Deepak Das
Team Member # 8	Connection Lead Teacher	Emily Smith
Team Member # 9	Secretary	Yolynda Sanford
Team Member # 10	Parents	Pastor George Edge & Pastor Melvin McCluster

# 1. PLANNING AND PREPARATION

## 1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

**Stakeholders**

	Position/Role	Name
Stakeholder # 1	Parent	Pastor George Edge
Stakeholder # 2	Parent	Pastor Melvin McCluster
Stakeholder # 3		
Stakeholder # 4		
Stakeholder # 5		
Stakeholder # 6		
Stakeholder # 7		
Stakeholder # 8		

How will the team ensure that stakeholders, and in particular parents and/or guardians, were able to provide meaningful input into the needs assessment process?	The SCPS Leadership Team will ensure that stakeholders are invited to the meetings and are able to complete surveys and provide meaningful feedback.
--	--

## 2. DATA COLLECTION ANALYSIS

### 2.1 Coherent Instructional System

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Coherent Instructional System webinar](#) for additional information and guidance.

#### Coherent Instruction Data

<b>Curriculum Standard 1</b> -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
<b>1. Exemplary</b>	A systematic, collaborative process is used proactively for curriculum planning.  Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.	
<b>2. Operational</b>	A systematic, collaborative process is used regularly for curriculum planning.  Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	✓
<b>3. Emerging</b>	A collaborative process is used occasionally for curriculum planning.  Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
<b>4. Not Evident</b>	A collaborative process is rarely, if ever, used for curriculum planning.  Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	

Coherent Instruction Data

<b>Curriculum Standard 2</b> -Designs curriculum documents and aligns resources with the intended rigor of the required standards		
<b>1. Exemplary</b>	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.  These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
<b>2. Operational</b>	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.  These curriculum documents and resources guide the work of teachers and instructional support staff.	✓
<b>3. Emerging</b>	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards	
<b>4. Not Evident</b>	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

<b>Instruction Standard 1</b> -Provides a supportive and well -managed environment conducive to learning		
<b>1. Exemplary</b>	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	✓
<b>2. Operational</b>	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
<b>3. Emerging</b>	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
<b>4. Not Evident</b>	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

<b>Instruction Standard 2</b> -Creates an academically challenging learning environment		
<b>1. Exemplary</b>	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
<b>2. Operational</b>	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
<b>3. Emerging</b>	Some teachers create an academically challenging learning environment.	
<b>4. Not Evident</b>	Few, if any, teachers create an academically challenging learning environment.	

Coherent Instruction Data

<b>Instruction Standard 3</b> -Establishes and communicates clear learning targets and success criteria aligned to curriculum standards		
<b>1. Exemplary</b>	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels	
<b>2. Operational</b>	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work.	✓
<b>3. Emerging</b>	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
<b>4. Not Evident</b>	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

<b>Instruction Standard 4</b> -Uses research based instructional practices that positively impact student learning		
<b>1. Exemplary</b>	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
<b>2. Operational</b>	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	✓
<b>3. Emerging</b>	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
<b>4. Not Evident</b>	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Coherent Instruction Data

<b>Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students</b>		
<b>1. Exemplary</b>	Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.  Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).  Remediation, enrichment, and acceleration are pervasive practices.	
<b>2. Operational</b>	Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.  Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).	✓
<b>3. Emerging</b>	Some teachers differentiate instruction to meet the specific learning needs of students.	
<b>4. Not Evident</b>	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	

<b>Instruction Standard 6 -Uses appropriate, current technology to enhance learning</b>		
<b>1. Exemplary</b>	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	✓
<b>2. Operational</b>	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
<b>3. Emerging</b>	Some staff members, students, or both use appropriate, current technology to enhance learning.	
<b>4. Not Evident</b>	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Coherent Instruction Data

<b>Instruction Standard 7</b> -Provides feedback to students on their performance on the standards or learning targets		
<b>1. Exemplary</b>	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.  Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
<b>2. Operational</b>	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	✓
<b>3. Emerging</b>	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
<b>4. Not Evident</b>	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

<b>Instruction Standard 8</b> -Establishes a learning environment that empowers students to actively monitor their own progress		
<b>1. Exemplary</b>	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
<b>2. Operational</b>	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
<b>3. Emerging</b>	Some students use tools to actively monitor their own progress.	
<b>4. Not Evident</b>	Few, if any, students use tools to actively monitor their own progress.	

<b>Instruction Standard 9</b> -Provides timely, systematic, data -driven interventions		
<b>1. Exemplary</b>	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs.  Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
<b>2. Operational</b>	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	✓
<b>3. Emerging</b>	Some students are provided extra assistance or needed support in a timely manner.	
<b>4. Not Evident</b>	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Coherent Instruction Data

<b>Assessment Standard 1</b> -Aligns assessments with the required curriculum standards		
<b>1. Exemplary</b>	Nearly all assessments are aligned with the required curriculum standards. Assessments are reviewed during the school year to ensure alignment.	
<b>2. Operational</b>	Most assessments are aligned with the required curriculum standards.	✓
<b>3. Emerging</b>	Some assessments are aligned with the required curriculum standards.	
<b>4. Not Evident</b>	Few, if any, assessments are aligned with the required curriculum standards.	

<b>Assessment Standard 3</b> -Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices		
<b>1. Exemplary</b>	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.  The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
<b>2. Operational</b>	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	✓
<b>3. Emerging</b>	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
<b>4. Not Evident</b>	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

<b>Assessment Standard 4</b> -Implements a process to collaboratively analyze assessment results to adjust instruction		
<b>1. Exemplary</b>	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
<b>2. Operational</b>	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	✓
<b>3. Emerging</b>	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	
<b>4. Not Evident</b>	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

## Coherent Instruction Data

<b>Assessment Standard 5</b> -Implements grading practices that provide an accurate indication of student progress on the required standards		
<b>1. Exemplary</b>	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
<b>2. Operational</b>	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	✓
<b>3. Emerging</b>	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
<b>4. Not Evident</b>	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

## 2. DATA COLLECTION ANALYSIS

### 2.2 Effective Leadership

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Effective Leadership webinar](#) for additional information and guidance.

#### Effective Leadership Data

Leadership Standard 1 -Builds and sustains relationships to foster the success of students and staff		
<b>1. Exemplary</b>	Administrators consistently build and sustain relationships to foster the success of students and staff.  The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	✓
<b>2. Operational</b>	Administrators regularly build and sustain relationships to foster the success of students and staff.	
<b>3. Emerging</b>	Administrators sometimes build relationships to foster the success of students and staff.	
<b>4. Not Evident</b>	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 -Initiates and manages change to improve staff performance and student learning		
<b>1. Exemplary</b>	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.  Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
<b>2. Operational</b>	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning.  The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	✓
<b>3. Emerging</b>	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
<b>4. Not Evident</b>	Administrators initiate few, if any, changes that impact staff performance and student learning.	

Effective Leadership Data

<b>Leadership Standard 3</b> -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
<b>1. Exemplary</b>	<p>The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.</p> <p>The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.</p>	
<b>2. Operational</b>	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	✓
<b>3. Emerging</b>	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
<b>4. Not Evident</b>	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

<b>Leadership Standard 4</b> -Uses processes to systematically analyze data to improve student achievement		
<b>1. Exemplary</b>	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
<b>2. Operational</b>	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	✓
<b>3. Emerging</b>	Some processes are in place and used occasionally to analyze data to improve student achievement.	
<b>4. Not Evident</b>	Few, if any, processes are in place to analyze data to improve student achievement.	

<b>Leadership Standard 5</b> -Builds leadership capacity through shared decision-making and problem-solving		
<b>1. Exemplary</b>	<p>Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.</p> <p>Administrators collaborate consistently with staff members to gather input.</p>	✓
<b>2. Operational</b>	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
<b>3. Emerging</b>	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
<b>4. Not Evident</b>	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Effective Leadership Data

<b>Leadership Standard 6</b> -Establishes and supports a data-driven school leadership team that is focused on student learning		
<b>1. Exemplary</b>	<p>A highly effective, proactive, and data-driven school leadership team is focused on student learning.</p> <p>The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.</p>	✓
<b>2. Operational</b>	<p>A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.</p> <p>The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.</p>	
<b>3. Emerging</b>	<p>The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.</p>	
<b>4. Not Evident</b>	<p>A school leadership team does not exist or does not have adequate stakeholder representation.</p>	

<b>Leadership Standard 7</b> -Monitors and evaluates the performance of teachers and other staff using multiple data sources		
<b>1. Exemplary</b>	<p>Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.</p> <p>A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.</p> <p>Administrators use the evaluation process to identify role models, teacher leaders, or both.</p>	✓
<b>2. Operational</b>	<p>Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.</p> <p>Teachers and staff receive accurate, timely, descriptive feedback related to their performance.</p>	
<b>3. Emerging</b>	<p>Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.</p> <p>Teachers and staff receive some descriptive feedback related to their performance.</p>	
<b>4. Not Evident</b>	<p>Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.</p> <p>Teachers and staff receive little or no descriptive feedback related to their performance.</p>	

Effective Leadership Data

Leadership Standard 8 -Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is provided to teachers and other staff.	✓
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	✓
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

Effective Leadership Data

<b>Planning and Organization Standard 2</b> -Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
<b>1. Exemplary</b>	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.</p> <p>The plan includes appropriate goals and strategies with a strong focus on increasing student performance.</p> <p>This process and plan consistently guide the work of the school staff.</p>	
<b>2. Operational</b>	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.</p> <p>The plan includes appropriate goals and strategies with a focus on increasing student performance.</p>	✓
<b>3. Emerging</b>	<p>A school improvement plan has been developed with input from some stakeholders.</p> <p>The school improvement plan is based on incomplete data analysis with limited focus on student performance.</p>	
<b>4. Not Evident</b>	<p>An up-to-date, data-driven school improvement plan focused on student performance is not in place.</p>	

<b>Planning and Organization Standard 3</b> -Monitors implementation of the school improvement plan and makes adjustments as needed		
<b>1. Exemplary</b>	<p>The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.</p> <p>Ongoing adjustments are made based on various performance, process, and perception data.</p>	
<b>2. Operational</b>	<p>The goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.</p> <p>Adjustments are made to the plan, as needed, based on the analysis of data.</p>	✓
<b>3. Emerging</b>	<p>The goals and strategies of the school improvement plan are occasionally monitored by administrators.</p>	
<b>4. Not Evident</b>	<p>The goals and strategies of the school improvement plan are rarely, if ever, monitored.</p>	

Effective Leadership Data

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
<b>1. Exemplary</b>	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.  School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.	
<b>2. Operational</b>	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	✓
<b>3. Emerging</b>	The use of available resources to support continuous improvement is inconsistently monitored.	
<b>4. Not Evident</b>	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

Planning and Organization Standard 5 -Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
<b>1. Exemplary</b>	Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.  These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.	✓
<b>2. Operational</b>	Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.  These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.	
<b>3. Emerging</b>	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
<b>4. Not Evident</b>	Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.  In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.	

Effective Leadership Data

<b>Planning and Organization Standard 6</b> -Uses protocols to maintain the school campus and equipment providing a safe, clean, and inviting learning environment		
<b>1. Exemplary</b>	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used extensively to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>A proactive maintenance process is in place, and repairs are completed in a satisfactory and timely manner, when needed.</p>	
<b>2. Operational</b>	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>The school and campus are clean, well-maintained, inviting, and safe.</p>	✓
<b>3. Emerging</b>	<p>Protocols are sometimes used to maintain the school campus and equipment.</p> <p>The school and campus are partially clean, maintained, and inviting, but some safety issues exist.</p>	
<b>4. Not Evident</b>	<p>Protocols do not exist or are rarely, if ever, used to maintain the school campus and equipment.</p> <p>The school and campus are not clean, maintained, or inviting, and safety issues exist.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Professional Capacity webinar](#) for additional information and guidance.

#### Professional Capacity Data

<b>Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving</b>		
<b>1. Exemplary</b>	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.  Administrators collaborate consistently with staff members to gather input.	✓
<b>2. Operational</b>	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
<b>3. Emerging</b>	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
<b>4. Not Evident</b>	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

<b>Professional Learning Standard 1 -Aligns professional learning with needs identified through analysis of a variety of data</b>		
<b>1. Exemplary</b>	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).  Ongoing support is provided through differentiated professional learning.	
<b>2. Operational</b>	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	✓
<b>3. Emerging</b>	Professional learning needs are identified using limited sources of data.	
<b>4. Not Evident</b>	Professional learning needs are identified using little or no data.	

Professional Capacity Data

<b>Professional Learning Standard 2</b> -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
<b>1. Exemplary</b>	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).  Teachers conduct action research and assume ownership of professional learning processes.	
<b>2. Operational</b>	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	✓
<b>3. Emerging</b>	Administrators and staff sometimes collaborate to improve individual and collective performance.	
<b>4. Not Evident</b>	Administrators and staff rarely collaborate to improve individual and collective performance.	

<b>Professional Learning Standard 3</b> -Defines expectations for implementing professional learning		
<b>1. Exemplary</b>	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
<b>2. Operational</b>	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	✓
<b>3. Emerging</b>	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
<b>4. Not Evident</b>	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

Professional Capacity Data

Professional Learning Standard 4 -Uses multiple professional learning designs to support the various learning needs of the staff		
<b>1. Exemplary</b>	<p>Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).</p> <p>Professional learning includes extensive follow-up with descriptive feedback and coaching.</p>	
<b>2. Operational</b>	<p>Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.</p> <p>Professional learning includes follow-up with feedback and coaching.</p>	✓
<b>3. Emerging</b>	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
<b>4. Not Evident</b>	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 -Allocates resources and establishes systems to support and sustain effective professional learning		
<b>1. Exemplary</b>	<p>Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.</p> <p>Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.</p>	
<b>2. Operational</b>	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	✓
<b>3. Emerging</b>	Some resources and systems are allocated to support and sustain professional learning.	
<b>4. Not Evident</b>	Few, if any, resources and systems are provided to support and sustain professional learning.	

Professional Capacity Data

Professional Learning Standard 6 -Monitors and evaluates the impact of professional learning on staff practices and student learning		
<b>1. Exemplary</b>	Monitoring and evaluating the impact of professional learning on staff practices and increases in student learning occurs extensively.  Evaluation results are used to identify and implement processes to extend student learning.	
<b>2. Operational</b>	Monitoring and evaluating the impact of professional learning on staff practices and student learning occurs routinely.	✓
<b>3. Emerging</b>	Monitoring and evaluating the impact of professional learning on staff practices occurs sporadically.	
<b>4. Not Evident</b>	Monitoring and evaluating the impact of professional learning on staff practices occurs rarely, if ever.	

## 2. DATA COLLECTION ANALYSIS

### 2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Family and Community Engagement webinar](#) for additional information and guidance. Visit Georgia's Family Connection Partnership's [KIDS COUNT](#) for additional data.

#### Family and Community Engagement Data

Family and Community Engagement Standard 1 -Creates an environment that welcomes, encourages, and connects family and community members to the school		
<b>1. Exemplary</b>	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school.  Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	✓
<b>2. Operational</b>	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	
<b>3. Emerging</b>	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
<b>4. Not Evident</b>	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 -Establishes structures that promote clear and open communication between the school and stakeholders		
<b>1. Exemplary</b>	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.  Structures are continuously monitored for reliable and interactive communication.	✓
<b>2. Operational</b>	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	
<b>3. Emerging</b>	Some structures that promote clear and open communication between the school and stakeholders exist.	
<b>4. Not Evident</b>	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

Family and Community Engagement Data

Family and Community Engagement Standard 3 -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
<b>1. Exemplary</b>	<p>A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.</p> <p>Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.</p>	
<b>2. Operational</b>	<p>Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.</p>	✓
<b>3. Emerging</b>	<p>Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.</p>	
<b>4. Not Evident</b>	<p>Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.</p>	

Family and Community Engagement Standard 4 -Communicates academic expectations and current student achievement status to families		
<b>1. Exemplary</b>	<p>The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).</p> <p>Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
<b>2. Operational</b>	<p>The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.</p> <p>Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	✓
<b>3. Emerging</b>	<p>The school staff communicates some academic expectations at the start of the year.</p> <p>Some communication related to the current achievement level of individual students is provided.</p>	
<b>4. Not Evident</b>	<p>The school staff does little to inform families of academic expectations.</p> <p>Little, if any, communication related to the current achievement level of individual students is provided.</p>	

Family and Community Engagement Data

Family and Community Engagement Standard 5 -Develops the capacity of families to use support strategies at home that will enhance academic achievement		
<b>1. Exemplary</b>	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
<b>2. Operational</b>	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	✓
<b>3. Emerging</b>	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
<b>4. Not Evident</b>	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

Family and Community Engagement Standard 6 -Connects families with agencies and resources in the community to meet the needs of students		
<b>1. Exemplary</b>	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
<b>2. Operational</b>	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
<b>3. Emerging</b>	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
<b>4. Not Evident</b>	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

## 2. DATA COLLECTION ANALYSIS

### 2.5 Supportive Learning Environment

Analyze the LEA’s data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by “TFS” (too few students). See the [Supportive Learning Environment webinar](#) for additional information and guidance.

#### Supportive Learning Environment Data

Instruction Standard 1 -Provides a supportive and well-managed environment conducive to learning		
<b>1. Exemplary</b>	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	
<b>2. Operational</b>	A supportive and well-managed environment conducive to learning is evident in most classrooms.	✓
<b>3. Emerging</b>	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
<b>4. Not Evident</b>	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
<b>1. Exemplary</b>	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
<b>2. Operational</b>	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
<b>3. Emerging</b>	Some teachers create an academically challenging learning environment.	
<b>4. Not Evident</b>	Few, if any, teachers create an academically challenging learning environment.	

Supportive Learning Environment Data

<b>Instruction Standard 8</b> -Establishes a learning environment that empowers students to actively monitor their own progress		
<b>1. Exemplary</b>	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
<b>2. Operational</b>	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
<b>3. Emerging</b>	Some students use tools to actively monitor their own progress.	
<b>4. Not Evident</b>	Few, if any, students use tools to actively monitor their own progress.	

<b>School Culture Standard 1</b> -Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
<b>1. Exemplary</b>	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.  These rules, practices, and procedures are continually monitored and revised as needed.	✓
<b>2. Operational</b>	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	
<b>3. Emerging</b>	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
<b>4. Not Evident</b>	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

Supportive Learning Environment Data

<b>School Culture Standard 2</b> -Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
<b>1. Exemplary</b>	<p>Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A pervasive commitment to promoting positive interactions and a sense of community is evident.</p>	✓
<b>2. Operational</b>	<p>Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A sustained commitment to promoting positive interactions and a sense of community is evident.</p>	
<b>3. Emerging</b>	<p>Some evidence exists that a culture of trust and respect has been established.</p> <p>A limited commitment to promoting positive interactions and a sense of community is evident.</p>	
<b>4. Not Evident</b>	<p>Little or no evidence exists that a culture of trust and respect has been established.</p> <p>Unresolved conflicts interfere with a sense of community.</p>	

<b>School Culture Standard 3</b> -Establishes a culture that supports the college and career readiness of students		
<b>1. Exemplary</b>	<p>Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p> <p>The school culture supports addressing individual achievement needs and strengths to prepare students for success.</p>	
<b>2. Operational</b>	<p>Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p>	✓
<b>3. Emerging</b>	<p>Some evidence exists that the school supports the college and career readiness of students.</p>	
<b>4. Not Evident</b>	<p>Little or no evidence exists that the school supports the college and career readiness of students.</p>	

Supportive Learning Environment Data

<b>School Culture Standard 4</b> -Supports the personal growth and development of students		
<b>1. Exemplary</b>	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	✓
<b>2. Operational</b>	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	
<b>3. Emerging</b>	The school staff sporadically supports the personal growth and development of students.	
<b>4. Not Evident</b>	The school staff does little to support the personal growth and development of students.	
<b>School Culture Standard 5</b> -Recognizes and celebrates achievements and accomplishments of students and staff		
<b>1. Exemplary</b>	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.  The celebrations are publicized within the school and to the community and support the culture of the school.	✓
<b>2. Operational</b>	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	
<b>3. Emerging</b>	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
<b>4. Not Evident</b>	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

Supportive Learning Environment Data

<b>Planning and Organization Standard 1</b> -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
<b>1. Exemplary</b>	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
<b>2. Operational</b>	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
<b>3. Emerging</b>	<p>A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.</p>	
<b>4. Not Evident</b>	<p>A common vision and mission have not been developed or updated or have been developed by a few staff members.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.6 Data Analysis Questions

Analyze the LEA’s data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by “TFS” (too few students).

<p><b>What perception data did you use?</b> [examples: student perceptions about school climate issues (health survey, violence, prejudice, bullying, etc.); student/parent perceptions about the effectiveness of programs or interventions; student understanding of relationship of school to career or has an academic plan]</p>	<p>The school used the School Culture Survey, SCPS Teacher Literacy Needs Survey, and Technology Needs Assessment Survey.</p>
--	---

<p><b>What does the perception data tell you?</b> (perception data can describe people’s knowledge, attitudes, beliefs, perceptions, competencies; perception data can also answer the question “What do people think they know, believe, or can do?”)</p>	<p><b>School Culture Survey</b>-Overall, the students, parents, and educators feel that the school is a safe environment conducive to learning. There are many opportunities available for parents to engage in the learning process at SCPS. Being that parents expressed a need for more hands-on activities that could help them teach their children at home, the school has organized tutorial sessions online to help in this capacity.</p> <p><b>SCPS Teacher Literacy Needs Survey</b>-Data show that there is a broad array of collaboration process in use and teachers have opportunities to plan weekly. Majority of the teachers feel that leadership understands the challenges of teaching and encourages efforts at improvement. Data also show that teachers agree that there are resources set aside for members of the school community to participate in outside professional development opportunities, such as conferences, workshops, and observations in other schools.</p> <p><b>Technology Needs Assessment Survey</b>- Teachers use technology daily at Sumter County Primary School and are appreciative of what they have at this time. In an effort to assess students and have them to work the multiple technological programs/interventions, students are in need of more headphones to make this operational.</p> <p>Some teachers also expressed a need for interactive projectors and documented that their students can benefit from a classroom set of computer mouse/mice.</p>
--	---

<p><b>What process data did you use?</b> (examples: student participation in school activities, sports, clubs, arts; student participation in special programs such as peer mediation, counseling, skills conferences; parent/student participation in events such as college information meetings and parent</p>	<p>Faculty, staff, and parents received hard copy and online version access to survey and were asked to complete within two days. Majority of our students completed surveys on paper due to the limited number of computers and iPads. The Director of Technology also provided a Technology Needs Assessment Survey to assess teachers' technical needs by completing a survey online. Additionally, teachers completed the SCPS Teacher Literacy Needs Survey online.</p>
---	--

workshops)	
------------	--

<p><b>What does the process data tell you?</b> (process data describes the way programs are conducted; provides evidence of participant involvement in programs; answers the question “What did you do for whom?”)</p>	<p>Some teachers can benefit from more books in their classroom libraries. Currently, we are conducting an inventory of what additional resources are already in the building that could be utilized in the classrooms. Overall, our data indicated that most parents , students, and teachers are in favor of our initiatives for literacy. Teachers expressed that there is a need for more technological resources in the building, such as headphones, class set of mouse/mice, and interactive projectors.</p>
--	---

<p><b>What achievement data did you use?</b></p>	<p>The achievement data included STAR Early Literacy, STAR Reading, STAR Math, i-Ready Reading, i-Ready Math, and Georgia Kindergarten Inventory of Developing Skills 2.0 (GKIDS 2.0). Additional assessments included Mathematics Pre Assessment and ACCESS for ELLs. Due to COVID 19 Pandemic Mathematics Posttest was not administered.</p>
--	--

<p><b>What does your achievement data tell you?</b></p>	<p>GKIDS 2.0 was given in December; however, the end of the year test was unable to be administered because of COVID 19 Pandemic. In 2018-2019, the STAR test was administered 3 times. In 2019-2020, there were 5 screenings scheduled. Due to the change in the focuses (ex. district/state cut score and amount of screenings) we do not have reliable comparison data.</p>
---	--

<p><b>What demographic data did you use?</b></p>	<p>Black African American-515 White-44 Hispanic/Latino-94 American Indian-1 Asian- 5 Two Or More Races - 22 Native Hawaiian - 2 ESOL - 53 EIP -187 Special Education - 67 Migrant - 10</p>
--	--

<p><b>What does the demographic data tell you?</b></p>	<p>In 2018-2019 the enrollment at SCPS was 763 students. The school enrollment decreased by 48 students during the 2019-2020 school year. SCPS had another drop of enrollment in the 2020-2021 school year by 32 students. Presently, there are 683 students enrolled. SCPS is comprised of 75% African Americans, 14% Hispanic, 6% White, and other 4%. Our demographics show there is a need for professional learning to address cultural diversity and language barriers.</p>
--	---

	There is a large percentage of students that receive EIP (Early Intervention Program) services.
--	---

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Strengths and Challenges Based on Trends and Patterns

<p><b>Coherent Instructional:</b> Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>The PL delivered by our Literacy and Numeracy content experts and academic coaches has improved instructional practices. We will need to continue this work to share with new teachers and support ongoing improvement in instructional practices with all teachers. We will need to continue work with content experts on how to analyze assessment data down to the item level and systematically identify interventions needed to support each student. We will also need to implement effective data/MTSS planning and collaborative sessions.</p>
--	---

<p><b>Effective Leadership:</b> Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>The trends and patterns observed regarding effective leadership in the school include that the school leadership model is collaborative &amp; shared in which every person takes ownership of the school vision and responsibility for every child's success.</p> <p>In order to support the identification of student, teacher, and leader needs, the administrative, leadership, and grade level/department teams will continue to provide a strong sense of community that fosters collaboration among all team structures, as well as continue providing intensive PL from Literacy and Numeracy content experts and academic coaches, and peer observations.</p>
---	--

<p><b>Professional Capacity:</b> Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>The trends and patterns observed by the team regarding professional capacity include the provision of differentiated professional learning and tools for implementation based on individual and collective needs as identified through data analysis. Collaboration between teachers, coaches, computer lab interventionist, and administrators ensures all professionals are successful through supportive structures and processes. There are a multitude of ways everyone on the faculty is involved in a professional learning community (PLC) to support and improve professional capacity. We will continue to utilize in-house resources through peer observations and sharing information gathered in training. The administrative team recruits and employees highly qualified new faculty members. These faculty members attend New Teacher Academy and SCS Mentoring Program to ensure success.</p> <p>Due to COVID 19 the school district implemented a new initiative, Modern Teacher. Modern Teacher is a digital learning platform that enables teachers to develop digital ecosystems for the purpose of providing instruction to</p>
---	--

## Strengths and Challenges Based on Trends and Patterns

	students. This has been vital to the success our virtual learning environment for the first semester of the 2020-2021 school year.
--	--

<p><b>Family and Community Engagement:</b> Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Sumter County Primary School regularly provides a variety of opportunities for family and community stakeholders to be engaged in the school. During our qualitative and quantitative analyses, the team determined that our school family would benefit from a paradigm shift in how we think about family and community engagement in the school. Physical presence does not have to equate to engagement. Our faculty/staff communicates daily through written feedback in student agendas regarding school news, homework, and discipline reports, allowing families to respond in a timely manner. Additionally, Facebook and the school web page are updated daily to give insight into school activities during the school day. Verbal communication is ongoing with a minimum of 30 parent contacts per month via Class Dojo, agendas, face to face discussions, emails, and phone calls; again, two-way with parents responding. Based on the overwhelming amount of communication between the school and families, they do not always feel the need to be physically present at all events/meetings/workshops provided due to having already been well informed regarding their child's progress &amp; upcoming school events. Based on the results from a parent survey, parents felt they needed more help with current curriculum standards and practices in the areas of reading and math. To address this need, we will begin by creating Math Method Kindergarten and First Grade videos that will be available on our school website. The purpose of the math method videos is to build a shared understanding among our community stakeholders regarding Standard Mathematical Practices (SMPs).</p>
---	---

<p><b>Supportive Learning Environment:</b> Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>The team is very concerned about the well-being of our students and meeting the needs of the whole child. This is evident through the processes and supports we have in place. There is a crucial need for supports to be placed for attendance. Discipline has been vastly improved with the innovative approach we have implemented through which our teachers have taken responsibility for meeting their students' needs in their classrooms. The interventions implemented work very well; however, in order to implement the ABE program with fidelity additional personnel is needed to monitor the process. Academic supports are on the rise and the process has improved; however,</p>
---	---

## Strengths and Challenges Based on Trends and Patterns

	<p>there is a distinct need for personnel to ensure the process is implemented with fidelity. The counselor is unable to counsel students due to working with SST and attendance. The academic coaches cannot meet with teachers as needed due to working with MTSS. We desperately need someone to be devoted solely to these processes.</p> <p>An initiative for students to actively monitor their sight word recognition and number recognition. Students will use a progress monitoring tool to color the number of sight words they readily recognize. Another initiative could be Class Dojo where students become accountable for their actions when monitoring their behavior. If a student makes the goals set by their teacher, they are able to be rewarded at the end of the month. Class Dojo is an online behavior management system intended to foster positive student behaviors and classroom culture. Students earn 'Dojo Points' based on their classroom conduct. Teachers use Class Dojo to keep parents up to date on student progress and classroom activities. As a school-wide initiative, we will incorporate a behavior matrix to improve the behavior in various settings.</p>
--	---

<p><b>Demographic and Financial:</b> Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Maintaining consistent school configuration will be most important to ensure the improvement efforts can be implemented with fidelity. The areas of greatest need include having sufficient autonomy at the school level to determine appropriate use of school-allocated funds for improvement; to provide appropriate personnel in sufficient number to complete the multi-tiered support system; having enough personnel to implement the improvement efforts with fidelity. Reducing class sizes will support the identification of student, teacher, and leader needs, as such will provide means for implementation of interventions with fidelity and monitoring of improvement efforts will ensure needs are met at the individual learner level.</p>
---	--

<p><b>Student Achievement:</b> Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>GKIDS 2.0 was given in December; however, the end of the year test was unable to be administered because of COVID 19 Pandemic.</p> <p>In 2018-2019, the STAR test was administered 3 times. In 2019-2020, there were 5 screenings scheduled. Due to the change in the focuses (ex. district/state cut score and amount of screenings) we do not have reliable comparison data.</p> <p>Overall, the data trend shows an urgency for immediate, intensive, and prescriptive interventions to ensure foundational knowledge is firmly established along with favorable practices regarding behavior and attendance. This will in turn increase the graduation rate and CCRPI. Human resources must be a priority to address these interventions, particularly with literacy and numeracy.</p>
---	---

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the [Identifying Need webinar](#) for additional information and guidance.

<b>Strengths</b>	<p>All students are served in Tier I core instruction. Students who are not performing on grade level are referred to the Tiers of Intervention where the MTSS flow chart is followed. If students are not responding to interventions in MTSS, an in-school screening occurs. If the screening results show a discrepancy and there is a lack of progress in interventions, a psychological evaluation is requested. If a student qualifies for special education, an initial eligibility meeting occurs. It is followed by the Individualized Education Program (IEP) meeting to develop the specific plan to meet the needs of the student. Resource classrooms are very structured in K and 1st grades. On a regular basis co-teaching and resource lesson plans are reviewed with fidelity to ensure that co-teachers and resource teachers are following the students IEP.</p> <p>Pre-K, Kindergarten, and 1st grade homeroom teachers are required to complete an EIP checklist on every student at the end of each school year to determine whether students qualify for services.</p> <p>We utilize Title funds efficiently to support academic achievement for economically disadvantaged students and ESOL/ELL students. We also offer extended time for our academic interventions during the Panther Intervention time. Title funds provide additional interventions and resources for our economically disadvantaged students, such as I-Ready, LLI, Edmentum, parent involvement resources, and other curriculum materials to increase student achievement.</p>
------------------	--

<b>Challenges</b>	<p>Some of the challenges include sustaining qualified educators to work with such subgroups. The teachers could still benefit from ongoing professional learning to build their confidence level in meeting the student and parent needs.</p>
-------------------	--

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Overarching Need # 1

Overarching Need	Increase student achievement in literacy and numeracy through human resources.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	
---------------------------	--

##### Overarching Need # 2

Overarching Need	Increase student achievement in literacy and numeracy with intense interventions.
How severe is the need?	High
Is the need trending better or worse over time?	Worse
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	<p>We are restructuring one of your collaborative days to include a focus on data and MTSS plans.</p> <p><b>CNA: Supportive Learning Environment (Needs)</b>                  Standard 2 (Emerging)- Academic Challenging Environment                  Standard 8 (Emerging)- Empowering students to monitor their progress</p>
---------------------------	---

## Overarching Need # 3

Overarching Need	Increase student achievement in literacy and numeracy through professional learning.
How severe is the need?	High
Is the need trending better or worse over time?	Better
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	
---------------------------	--

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the [Identifying Need webinar](#). After describing the RCA process, complete a table for each selected overarching need.

**Overarching Need - Increase student achievement in literacy and numeracy through human resources.**

##### Root Cause # 1

Root Causes to be Addressed	Additional personnel is needed to identify appropriate interventions with teachers to increase student achievement or to monitor the implementation of the process.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	No
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title IV, Part A - Student Support and Academic Enrichment Others :

Additional Responses	
----------------------	--

##### Root Cause # 2

Root Causes to be Addressed	There are not sufficient allocation of funds to hire additional human resources or to reduce class sizes.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	No
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part C - Education of Migratory Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students

Root Cause # 2

Impacted Programs	Title IV, Part A - Student Support and Academic Enrichment
-------------------	--

Additional Responses	
----------------------	--

Root Cause # 3

Root Causes to be Addressed	There are not sufficient resources to provide appropriate interventions or oversee the multi-tiered support system process with fidelity.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	No
Impacted Programs	School and District Effectiveness Title I, Part C - Education of Migratory Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students Title IV, Part A - Student Support and Academic Enrichment

Additional Responses	
----------------------	--

**Overarching Need - Increase student achievement in literacy and numeracy with intense interventions.**

Root Cause # 1

Root Causes to be Addressed	Although teachers were trained in how to identify appropriate interventions to address the deficits students displayed each year, they are in need of more training to help implement interventions with fidelity.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part A - Foster Care Program Title I, Part A - Parent and Family Engagement Program Title I, Part C - Education of Migratory Children

Root Cause # 1

Impacted Programs	Title I, Part D - Programs for Neglected or Delinquent Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program Title IV, Part A - Student Support and Academic Enrichment Others :
-------------------	---

Additional Responses	
----------------------	--

Root Cause # 2

Root Causes to be Addressed	There needs to be a more structured collaborative session arranged to train teachers how to analyze data from the multiple intervention programs and utilize technological resources to improve the MTSS process.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part D - Programs for Neglected or Delinquent Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title IV, Part A - Student Support and Academic Enrichment

Additional Responses	
----------------------	--

Root Cause # 3

Root Causes to be Addressed	All interventions need to be operated with fidelity.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part A - Foster Care Program

## Root Cause # 3

Impacted Programs	Title I, Part A - Parent and Family Engagement Program Title I, Part C - Education of Migratory Children Title I, Part D - Programs for Neglected or Delinquent Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program Title IV, Part A - Student Support and Academic Enrichment Others :
-------------------	--

Additional Responses	
----------------------	--

**Overarching Need - Increase student achievement in literacy and numeracy through professional learning.**

## Root Cause # 1

Root Causes to be Addressed	Improve instructional practices through professional learning from Literacy and Numeracy content experts and academic coaches.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part A - Foster Care Program Title I, Part A - Parent and Family Engagement Program Title I, Part C - Education of Migratory Children Title I, Part D - Programs for Neglected or Delinquent Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program Title IV, Part A - Student Support and Academic Enrichment Others :

Additional Responses	
----------------------	--

Root Cause # 2

Root Causes to be Addressed	All teachers need to consistently implement high quality and engaging instruction with fidelity.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part A - Foster Care Program Title I, Part A - Parent and Family Engagement Program Title I, Part C - Education of Migratory Children Title I, Part D - Programs for Neglected or Delinquent Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program Title IV, Part A - Student Support and Academic Enrichment Others :

Additional Responses	
----------------------	--

Root Cause # 3

Root Causes to be Addressed	Teachers can benefit from additional training to implement interventions with fidelity.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title I, Part A - Foster Care Program Title I, Part A - Parent and Family Engagement Program Title I, Part C - Education of Migratory Children Title I, Part D - Programs for Neglected or Delinquent Children Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program Title IV, Part A - Student Support and Academic Enrichment Others :

Root Cause # 3
