

SHADOW OAKS' RETURN & LEARN PLAN

We are excited to have our Eagles return to the nest and we welcome our Little Kinder Eagles to school. We will strive to help our students experience a safe and fun year. Thank you so much for sharing them with us and entrusting them in our care. We look forward to helping each of our Eagles "SOAR" to new heights.

Meet the Teacher/Open House and Supply drop off

- Classroom teachers will begin calling their "Registered Students" for Traditional and Virtual learning on Wednesday, July 29th. The teacher will give the parent their 10-minute appointment slot for Open House and gather some important information.
- The day of the appointment, we ask that you don't come too early, that you only bring the child that will be attending that classroom and 1-2 parents. You will be checked in and screened at the proper entrance. We encourage you to wear a mask and we will practice proper Social Distancing and provide hand sanitizer. We will give the students a tour the first couple of days of school.
- Once in the room, go to your assigned area and put down the student's labeled supplies. The teacher will cover pertinent information and answer a few questions. You will pick up your child's packet on the way out.
- The packet will contain first days of school arrival/dismissal procedures, a wristband and a backpack tag and an overview of the typical first day.

HEALTH SAFETY AND VISTORS

- We have a person on site continuously cleaning throughout the day and a thorough cleaning will take place in the evening.
- Students will wash their hands properly after restroom visits, before lunch and receive hand sanitizer as needed throughout the day
- Physical distancing procedures are in place with Eagle markers every 6 feet
- At this time, we will not have any outside visitors in the building around students
- Please call the school or email any questions, there will be more in the packets
