Bid No. 21-15

March 12, 2021

ADDENDUM #1 **GARBAGE DISPOSAL & RECYCLING SERVICES**

1. Delete pricing sheets and replace with enclosed pricing sheets. (Pricing Sheet – Addendum 1)
2. Delete the pricing sheets for “On Call Pick-Up/Additional Pick-Up” and replace with enclosed sheets. (On Call Pick-Up/Additional Pick-Up – Addendum 1)

The pricing sheet is provided on the website in an excel spreadsheet format.

All questions submitted and answers are posted on the website. **Please check the website daily to see if any questions and answers are posted.** (FYI - Attached is a copy of the questions and answers already submitted)

If you should have any questions, please contact the Purchasing Department.

Sincerely,

Russell Hudson
Director of Purchasing

RH/rbw

Note: This pricing should not exceed the cost of the same service identified on the pricing sheet for all locations.

QUESTIONS & ANSWERS

3/12/21

1. Where are the recyclable materials currently being hauled to?

Answer: Twin Oaks Recycling, Theodore, AL

2. What is the start date for this contract award?

Answer: After board approval – Estimated date June 2021

3. Regarding recycling, is there a chargeable allowance for recycling contamination of the load if solid waste/ trash is intermixed with the cardboard?

Answer: Yes , there is an allowance for contamination loads.

4. Recycling services to outer lying county areas- will it be acceptable to place an extra recycling container in lieu of a second pickup day in some various schools listed in more rural areas?
Examples-Citronelle High, Allentown, Semmes Elem/Middle, Castlen and Bryant High. There are also 2 schools listed as recycle 3 times. Same request for Dickson Elem and MGM.

Answer: Schools have limited spacing for the dumpsters and there is no room for an extra dumpsters.

5. Time of Day restrictions- requesting to verify that we can collect after bus drop off in the mornings as long as we are off campus by afternoon dismissal bus collection. City of Mobile noise ordinance allows for no trash collection in residential areas before 6am so we are verifying that we could pickup in a window between 9am-2pm if necessary.

Answer: No, the window between 9am-2pm is unacceptable. The current vendor and previous vendors have always picked up before breakfast. There have been no problems. If you wait until after the school staff gets on campus then other problems can occur such as parked cars blocking area of the dumpster and we want to avoid delivery trucks and moving vehicles on campus for students safety.

6. The compactor at central office states in the bid that the load is transported to Recycle Fibers. That business is no longer Recycle Fibers but is Greif Industries in Brookley Field only. Is it mandatory the compactor be taken to Greif Industries or is it flexible as long as the mixed paper is taken to a recycling facility? Also verifying the compactor is owned and maintained by Mobile County Public Schools and not rented/leased from the current hauler.

Answer: It is not mandatory that compactor load is transported to Greif Industries. The compactor is owned and maintained by MCPSS. MCPSS expects the mixed paper to be taken a facility that is paying the highest price.

7. I found 21 schools in question from the Frequency of service (number of days serviced) to the actual days listed. Do we need to go off of the Frequency listed or the Days of the week on the bid? The schools in question are as follows: #7, 12, 13, 28, 29, 36, 37, 38, 45, 47, 50, 51, 56, 62, 63, 65, 73, 76, 87, 89 and 98.

Answer: See new Pricing Sheet in Addendum 1. (Pricing Sheet- Addendum 1)
