

VERNONIA SCHOOL DISTRICT

HEALTHY and SAFE SCHOOLS PLAN (H.A.S.S.)

February, 2020

Responsible Person The person responsible for administering and implementing the Healthy and Safe Schools Plan for the Vernonia School District is:

- Mark Brown, Maintenance Supervisor
1201 Texas Avenue
Vernonia, OR 97064
Email: mbrown@vernoniak12.org
503 429-5891 ext. 1387

District Buildings All facilities owned or leased by Vernonia School District where students or staff are present on a regular basis are covered by this HASS Plan. The list of those buildings and facilities is below:

- **Mist Elementary School**
69143 Hwy 47, Mist, OR 97016
- **Vernonia K-12 Schools**
Including Wood and Metal Shop buildings
1000 Missouri Avenue, Vernonia, OR 97064
- **Vernonia Family Academy House**
1201 Texas Avenue, Vernonia, OR 97064

Lead in Drinking Water

The Vernonia School District will test all water sources used for drinking and or food preparation in all schools to identify any lead problems. The district will follow Environmental Protection Agency's 3 T's Revised Technical Guidance to ensure all samples for lead are collected properly and from the right places. The district will use an OHA accredited drinking water laboratory to analyze samples for lead.

If lead is found in the water above 20 parts per billion (ppb) taps will be shut off, water fountains will be covered and the district may provide water to students and staff.

Results from any lead testing will be made available to the public via the Vernonia School District website: www.vernoniak12.org

If any fixtures test above acceptable levels, these areas will be mitigated and retested to acceptable levels.

Lead Paint

In order to comply with the United States Environmental Protection Agency's Renovation, Repair and Painting Program Rule, the Vernonia School District will only contract with certified lead based paint renovation contractors licensed by the Oregon Construction Contractors Board or use district staff that are certified by the Oregon Health Authority to perform the work. Vernonia K-12 Building is a LEED Platinum building and no lead paint is present.

Asbestos

Vernonia School District complies with the federal Asbestos Hazard Response Act (AHERA). All required asbestos management plans are available for viewing by submitting a request to Mark Brown. The Vernonia K-12 Building is a LEED Platinum building and no asbestos is present.

Radon

The district has developed a radon plan as required by O.R.S. 332.167. A copy of the radon plan as well as view test results at: www.vernoniak12.org

Integrated Pest Management

The Vernonia School District has adopted an integrated pest management plan as required by O.R.S. 634.700 through 634.750. Community members can access a copy of the IPM plan on the District website.

Carbon Monoxide Detectors

Vernonia School District certifies that all buildings subject to the Healthy and Safe Schools Plan comply with the carbon monoxide detection standards in the state building code that was in effect when the building was originally constructed or as required by building code due to addition, upgrade, or remodel.

Test Results Publication

The Vernonia School District is complying with the requirement to provide access to test results, as defined by O.A.R. 581-022-2223 within 10 business days as defined by O.R.S. 332-334. Full test and summary test results for asbestos, radon and water are available on the District website. Additionally, copies of all test results are available at the School District office.
