- 1. After you click on the link, choose MAKE A COPY. Then, you can modify the form as needed to fit the needs of your students.
- 2. Share the Google Form with your students on your learning platform.
- 3. Your students may want to write their answers and show their work on the following recording sheet. This is good option if your students will be working on the Google Form for more than one day. The recording sheet is universal, and you can use it with any Google Form. The recording sheet is not necessary, though. Many students love to use a whiteboard, too!
