Purpose

This handbook is printed to serve as a guideline to familiarize athletes, parents, and coaches with the philosophy and objectives of the Inter-Scholastic Education Program. Extracurricular activities in school are an integral part of the total educational program. They provide the individual participant with experiences, which may broaden perspectives that regular classroom instruction may not adequately address. Please understand it is a privilege to take part in extracurricular activities.

AIA Coach's Code of Ethics

Approved by the AIA Legislative Council, April 25, 1991

Schools have entrusted coaches to provide the educational development of their youth through athletic and/or non-athletic activities. In recognition of these expectations, it shall be the responsibility of a coach to follow the directions provided in the following Coach's Code of Ethics. Violations of the first two items of the Code may result in a sanction to the offending school.

A COACH/SPONSOR SHALL:

1. Abide by the National Federation and AIA rules in both spirit and letter.
2. Not make statements to the news media critical of any game official, the AIA or another school's team, players, coaches or administrators. (Legislative Council, 3/97)

A COACH/SPONSOR SHALL:

1. Cooperate with others in the field of education.
2. Exemplify behavior that is a credit to the teaching profession.
3. Exercise patience, tolerance, and diplomacy in relations with all the players and co-workers, contest officials, and spectators.
4. Adhere to high ideals of sportsmanship: quality of cooperation, courage, unselfishness and self-control; desires for clean, healthy living; and respect for wise discipline and authority.
5. Support all reasonable moves to improve athletic conditions, to provide for adequate equipment, and to promote the welfare of an increased number of participants.
6. Demonstrate high ideals, good habits and desirable attitudes in professional behavior, and demand the same standards of the players on and off the field of play.

It must be understood by all concerned – players, coaches, parents, and administrators- that not enough rules can be written to cover all possible situations that may occur. It should be understood that these rules represent the minimum standards. More severe penalties may be imposed at the discretion of the Coach, Athletic Director, School or District Administrator, or Governing Board.

Philosophy and Objectives

The competitive athletic program for students in the Thatcher Unified School District #4 begins in the seventh grade and continues through the twelfth grade. The 9-12 grade students are governed by the rules and regulations of the Arizona Interscholastic Association (AIA). The 7th-8th grade students are governed by both AIA and EAJHA which follows high school rules and regulations.

The Thatcher Unified School District #4 athletic program aims to assure that athletic activities are an integral part of the total educational program. The objectives of these programs are:

1. To cultivate ideals of cooperation, friendship, leadership, responsibility, and good sportsmanship among our team members and members of opposing teams and officials.
2. To assure that these programs and activities remain an integral part of the knowledge, skills, attitudes, and proper emotional patterns of high school students and that such activities be supervised to promote the health and social well-being of our athletes.
3. To improve and develop competitive programs to the highest possible standards of excellence.

Through the interscholastic program, a boy or girl has the opportunity to attain cultural, emotional, moral, vocational, intellectual, physical and social values and fulfillment. Athletics provide many opportunities to meet the needs of secondary school youth by providing an outlet for group and individual energy, developing leaders, establishing social contacts, and developing a feeling of security through knowledge of personal worth and pride in the group to which they belong. Much must be done to assist secondary school youth to participate in worthwhile endeavors during this crucial stage in their development. It is the coaching staff who exerts a substantial influence on our youth by providing this assistance. In view of these values and opportunities, it is concluded that interscholastic athletics make a significant contribution to the American culture.

Student Athletic Code

1. **Practice:** Students should not miss practice without good reason. Any student that misses practice on a regular basis will be subject to dismissal from the squad.
2. **Participation**
 - A. A student that quits a sport or is suspended from a team before the season is finished may not go out for another sport until the season of the sport he/she quit or was suspended from has concluded. The end of the season is defined as the last day of competition for that sport in which the District participates. Exception: Coach or sponsor may release the quitting student if the reason(s) are appropriate. (This will be at the coach'/A.D.'s discretion.)
 - B. Participants who quit two (2) sports in one (1) school year will not be allowed to participate in an additional sport for a period of one calendar year from the time that he/she quit the second sport. Exception: A.D.'s discretion.
3. **Transportation**
 - A. On trips out of town, an athlete is expected to travel with the team to and from the event.
 - B. Students participating in activity trips shall complete the trip under school jurisdiction unless excused by the administration, only upon advanced proper notification by a parent or guardian.
 - C. **The Administration shall excuse a student from completing an activity trip only for the purpose of releasing the student to the custody of the parent or legal guardian.**

4. Scholastic Eligibility

- A. All athletes must be enrolled in a minimum of five courses per semester, and maintain a seventy percent (70%) or higher in all classes.
- B. **No Pass No Play:** Weekly eligibility will be checked from Monday to Monday. This will determine the athlete's next week's eligibility. Between semesters, eligibility from the last week's previous semester carries over to the 1st week of the current semester.
- C. Ineligible students will be allowed to practice, but not participate in events for that week. Athletes will not be allowed to travel to and from games, or sit/stand with the team on sidelines/bench.
- D. An "incomplete" shall not be considered a passing grade. Ineligibility brought about by "incompletes" shall be eliminated at the time the "incomplete" becomes a passing grade. Teacher notifies A.D. or administrator when incomplete is lifted.
- E. Students staffed into Special Education programs shall be required to earn credit in all classes in which they are enrolled, just as any other student to be eligible for extracurricular participation. Special Education students will be graded and credit shall be determined according to the content of their Individual Education Plan.

5. Behavior Eligibility

Athletes are expected to demonstrate personal character and compliance with the Thatcher Unified School District #4 Student Code of Conduct. Violations of school district rules will result in consequences and possible restriction and/or revocation of athletic privileges. An Athletic disciplinary council will include each Varsity head-coach and the athletic director. Any items of a serious nature will be brought before the high school Athletic council.

General Conduct

1. Athletes will obey all instructions given by the coaches. Insubordination will not be tolerated and be followed by prompt disciplinary action. Insubordination is grounds for loss of immediate playing privilege.
2. Good sportsmanship is the essence of any athletic program. Unsportsmanlike conduct will not be tolerated. Fighting, disrespect for officials, or public displays of temper constitute unsportsmanlike conduct and appropriate disciplinary action will follow any such conduct. Unsportsmanlike conduct is grounds for immediate loss of playing privilege.

Any athlete who is identified on a social networking site which depicts illegal behavior or a Code of Conduct violation will be subject to athletic discipline as determined by the athletic director, the principal and the coach.

Prescriptions

Under certain circumstances, when it is necessary for a student to take medicine during school hours, the District will cooperate with the family physician and the parents if the following requirements are met:

A. There must be a written order from the physician stating the name of the medicine, the dosage, and the time it is to be given.

B. There must be written permission from the parent to allow the school or the student to administer the medicine. Appropriate forms are available from the school office.

C. The medicine must come to the school office in the prescription container or, if it is over-the-counter medication, in the original container with all warnings and directions intact.

TOBACCO, ALCOHOL AND DRUGS

Because of the adverse effects of tobacco, alcohol and drugs coupled with Thatcher Unified School District #4’s commitment toward prevention/intervention, specific guidelines have been established to deal with these.

Student athletes are not to use, possess, sell, make offers to sell, deliver, conceal, consume or be under the influence of tobacco, alcohol or drugs.

- Tobacco and Related Products defined: All tobacco products including cigarettes, cigars, chewing tobacco, snuff, vape/electronic cigarettes, etc.

Code of Conduct Violations and Consequences

1. **First Offense of Athletic Code** – the student will be denied participation for 50 percent of the current sports season’s scheduled contests. If there are not 50 percent of the contests left in that season, the denial of participation will continue into the next athletic season in which the student participates. If the student agrees to go through and complete a professional assessment from an approved, professional assessment agency, or take and pay for 16 hour drug and alcohol class online at <https://centerofsolutions.net/alcohol-and-drug-class/>, the penalty can be reduced to 20 percent of scheduled contests. The professional assessment reduction or class is only available to first time offenders. In all cases, what constitutes 50 or 20 percent will be determined by the administration of the school.

2. **Second Offense of Athletic Code** – the student will be denied participation for the entire (or remainder) of the season.

3. **Third Offense of Athletic Code** – the student will be denied participation for a calendar year.

4. **Fourth Offense of Athletic Code** – the student will be denied participation for the remainder of his/her high school career.

- The professional assessment or class reduction is available for first offense only.

- Denials for offenses outside of the season will be applied to the next season in which the student participates. Students that have been denied participation may still practice with the team at the coach’s discretion. They may not travel with the team, dress in uniform, or sit on the sidelines/bench.

Due Process and Right to Appeal

If it becomes necessary to deny a student participation in an extracurricular activity, the following procedure is recommended:

- A. A personal conference between the coach/advisor and the athlete/participant should be held. The coach/advisor should notify the athlete/participant of the intent to deny participation and the reason for the action.

- B. The coach/advisor will then notify the athletic director of the intent to deny participation along with written documentation of the violation or offense. (Steps 1 and 2 may occur in reverse order or simultaneously.)
- C. Administration will send written documentation to the parents notifying them of the intent to deny participation. Parents have the right to appeal this denial of participation.
- D. The final decision on penalty assessment rests on the principal who will take into consideration the recommendations of the athletic director and coach/advisor.

Attendance: Athletes shall not miss any school on the day of a game or they cannot participate in game that day. Any exceptions to this rule must be cleared through the principal's office or with the Activities Director by the coach, sponsor or student prior to participation.

Dress Code: All athletes must comply with the Thatcher Unified School District #4 dress code. It is the coaches/sponsors responsibility, since it is a privilege to participate in athletic activities and represent Thatcher Unified School District #4.

PARENTAL CODE OF CONDUCT

The Thatcher Unified School District #4 Athletic Department along with the Thatcher Board of Education believes that interscholastic competition involving member schools of the Arizona Athletic Association should be governed by the basic principles of good sportsmanship. We believe that participation is more important than winning. We believe that students should be coached to play to the best of their ability and to understand that to play well is to play honorably. The promotion of sportsmanship is the obligation of all school personnel (principals, athletic directors and coaches) and is directed to the behavior of spectators, coaches and players.

Guidelines for Good Sportsmanship

As parents and fans, you can help us establish an outstanding reputation for good sportsmanship. We must all work hard in conducting ourselves in a commendable manner. A display of unsportsmanlike conduct can result in sanctions against the offending athlete, parent, and/or school. Parents and fans must always observe the following guidelines for good sportsmanship:

1. The good name of our school is more important than any contest won by unfair play.
2. Be supportive of all athletes, coaches, and officials before, during, and after all contests.
3. Accept decisions of officials without dispute. They are seldom responsible for your success; so do not blame them for your circumstances.
4. Recognize and show appreciation for the fine play of your opponent.
5. Be proud of our school's reputation and work hard to protect it.
6. Cheer for your team, not against the opponent.
7. Read, understand and follow the school's rules for coach/parent communications.
8. Don't allow others' negative sportsmanship to become an excuse to do the same.

Fan Ejection Policy

FIRST OFFENSE: Fans who violate the Guidelines for Good Sportsmanship or are ejected from a contest by an athletic official or a school official are subject to removal from the contest and all school contests on the same day in all venues. They must schedule a conference with the athletic director and the principal to discuss their inappropriate behavior and discuss a plan to improve said behavior.

SECOND OFFENSE: Any fan who violates the Guidelines for Good Sportsmanship and is ejected from a Thatcher Unified School District #4 contest a 2nd time in a school year shall lose their privileges to attend any Thatcher Unified School District #4 Athletics contest – home or away – for a period of ONE CALENDAR YEAR.

SUBSEQUENT OFFENSES: Any fan that refuses to comply with the stipulations previously mentioned may be barred from attending any/or all activities sponsored by the Thatcher Unified School District #4 by the superintendent of schools.

- Respect the rules of the school, its teachers, coaches, fellow students and administrators.

- Encourage students to use locker door entrance as a means to getting into the locker room, instead of the lobby of the school or facility.
- On game days be sure all equipment in the locker rooms is locked up!

B. Coaching Own Children:

It is the understanding of the school that all of the activities are funded with public funds; therefore, when a coach assumes the responsibility of coaching a team, the inherent responsibility of using good judgment and reason should be adhered to. This involves consultation with the staff when evaluating players and talent for the selection of the squad, and in determining who plays.

The community of Thatcher has always had a parent support base, which is exceptional. The decision of coaches in the past has been well received by the community, and has taken place with little interference. Currently, some of the coaches have sons or daughters entering or already in the program. With this situation in mind, a conscientious effort must be made to ensure that objective decisions are made with consultation of assistant coaches. First priority must be given to coaching, and parenting must be second.

Careful, periodic review of student performances must take place while the season progresses to alleviate any concern. (*The concerns above will be addressed during the overall evaluation process.*)

C. Equipment

- To assume responsibility for all equipment furnished by the school in the activity assignment.
- To issue equipment, take care to store equipment by setting location, day, and time that the athletes return uniforms/equipment after your activity is over, and to maintain records of equipment.
- To verify that equipment is not being misused or misplaced.
- To inventory equipment at the conclusion of each season, and to turn in to the A.D. as requested, copies in duplicate.
- To prepare requisitions for replacement of equipment needed for the next year.
- Training room supplies are costly, take care not to use excessively.
- Keep the supply room locked when not in use.
- Students are not to be left unattended in the supply room.
- Keep things in their proper order, scissors, tape, cutters, tools, first aid kits, etc...

D. Facilities

- Initiate work orders necessary for proper game and practice conditions.

- Make recommendations to the activity director concerning new facilities and improvements to existing plan.
- Help in the maintenance of facilities, clean and orderly.

E. Trip Preparation

- Meals and lodging for all overnight trips should be coordinated through the activities director.
- Estimated team meals expenditures will be figured out in advance for the whole year (season of that sport). Those figures will be available in the A.D. office.
 - a. Thatcher Unified School District #4 will provide meals and lodging only if the team or group makes state level playoffs.
- Activity sponsors must turn in a list of all players, managers, coaches and anyone else making the trips at the beginning of the season. This list must be kept current and turned into the A.D. and the High School Office.
- The time of departure will be given to the Coach in advance of the trip. If there is a problem with this estimated release and leave time, suggested adjustments need to be made at the beginning of the season.
- Check with A.D. to assure that meal money has been requested at least 3 days in advance of any trip that warrants meals or lodging.
- Pick up meal money or credit cards from the business office on the day of the trip or before.
- Activity sponsors must bring back receipts for all expenditures, except per diem (meal receipts for personal travel). All student travel requires receipts, along with all lodging. These receipts are to be turned in to the District Office with any leftover change, within three days after returning.
- Activities sponsors or coaches are to travel with their team and maintain order on the bus.

F. Individual coaches rules:

- These are left up to the coach's discretion. It is important that these rules and regulations be spelled out and made known to the athletes and parents. A meeting with parents and athletes should take place before the start of the season. A copy of these policies should be given to the athletic director at the start of each sport. Keep in mind that any rules, which the coach elects to have, are in addition to those mentioned in this handbook, and the rules and regulation are to be part of the coach's set of regulations. A copy of these is to be given to the athletic director in your building.
- Factors to be considered before discipline measures are taken, should there be an infraction of training regulations as set forth in this document or of those set by individual Coaches. Decisions will be made by the athletic discipline council.
 1. Seriousness of the offense
 2. Circumstances
 3. Length of time since student's last infraction
 4. School's past action in similar cases.

D. Public Concerns/Complaints About Personnel (Coaches)

- Trust in staff members and support for their actions should be such that employees are freed from unnecessary, spiteful, or negative criticisms and complaints.
- In spite of this, criticisms and complaints may be forthcoming from the community. These complaints are best handled starting at the school level and, when necessary should proceed through the various administrative levels.
- If a community member desires to file a formal complaint, they can access the complaint form on the ASBA website or go to the District Office and ask for the form. (Policy K-1450 KEB) and (K-1461 KEB-R)

E. Complaint Procedure

It can be very difficult to accept your student is not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be the best for all

students involved. If you feel the need to have a discussion with your student's coach, an appropriate time and place can be schedule with the athletic director or administrator
