

Job Description

Position: Seasonal Laborer

Location: Dauphin Island

Organization: AL Department of Conservation

Compensation: \$8.17/hr

Division: Marine Resources Division

Number of Openings: 2

Duration: 8-10 weeks, June 7 –

Time Requirements: Flexible scheduling with 3 days a week (up to 24 hours), some weekend work.

Required Pathway:

GPA Desired: 2.0

Start Date: Variable

Job Description: The Marine Resources Division consists of an Enforcement Section and a Fisheries Section that are tasked with monitoring and evaluating the saltwater species in Alabama. The students will be given an opportunity to spend time with both. While working with the Fisheries Section students will perform various lab tasks such as identifying, weighing, measuring and categorizing fish from research samples. They will participate in trawl and gillnet sampling, recreational fishing data collection, and other surveys. They will be informed of the Enforcement section duties and responsibilities. Opportunities exist to shadow officers on patrol in vehicles and in boats, possibly attend court and learn different techniques in identifying and apprehending violators.

Qualifications: The students should have a current driver's license and have the ability to arrange their own transportation to and from Dauphin Island. Willingness to speak with the public and good communication skills. An Alabama Vessel Operator's license is also preferred.

Application Procedure: Please forward your resume and cover letter to your school Signature Academy Specialist, Kellie Snodgrass ksnodgrass@mcps.com
