The Principal’s Message

Dear Parents,

Happy Spring! Spring Break begins on March 12th and ends on March 16th. Monday, March 19th is a teacher work day, students will return Tuesday, March 20th.

It is my wish that everyone is reengaged over this time and returns to complete the last 49 days with vigor.

This week marks the end of the third quarter and completion of the 3rd nine weeks exams. We are looking forward to continuing to show growth as we prepare for our state exams. Our goal for Carver is to move from a “D” to a “B” for the 2017-2018 school year. This is an achievable goal with hard work and a determination to stay focused on doing our best.

We encourage you to continue requiring your child to do 30 minutes of iReady math and ELA daily during break. Regular practice helps to strengthen skills and keeps the brain alert.

Practice, Practice, Practice!

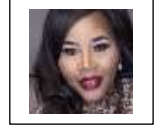

Respectfully,

Thelma Green, Principal

We celebrated Dr. Seuss's birthday by reading to students. Mr. Pilacheru's class really enjoyed it.

There are free leveled books in the library. Please come by and select a few.

CHARACTER WORD OF THE MONTH

Curiosity

Curiosity is the search for information for its own sake. Active open-mindedness means exploring a wide range of relevant information when trying to draw a conclusion; including information that challenges our own initial assumptions.

Española:

La curiosidad es la búsqueda de información para su propio bien. Apertura activa significa explorar una amplia gama de información relevante al intentar sacar una conclusión; incluyendo la información que desafía nuestros supuestos iniciales.

From the Parent Center

Parents, there is no doubt that teaching is a very hard evolutionary profession. It can alter our way of thinking and change the course of our lives. Wielding this much power should automatically place teachers at the top of the feeding chain hierarchy yet, they are at the bottom in the chain. The pay sucks, some of the children are rude and disrespectful and some parents are not engaged. Parents, if you are not engaged it's not too late to become active. Attending meetings and visiting the school on a regular basis can be the key to solving some of our problems. Give teachers your support. There is nothing we can't do if we worked together because Carver has some of the best teachers in the field.
