

Monday Memo

From the Principal's Desk

Greetings:

We have completed our fourth week of virtual learning. Encase Pre-Tests were conducted in the areas of ELA, Math, and Science (5th grade only) to determine growth areas for our scholars.

All scholars are encouraged to continue following the virtual learning schedule based on their last name and to log in to all classes every day. Check your scholar's email for an updated schedule today. Scholars should always log in using their first and last name and keep the camera on. Instructional packets are available on the district website.

Parents please check your child's email account frequently for school updates, classwork, homework, and other important reminders during school hours. We also ask that you make sure our scholars are well-rested prior to class and dressed appropriately. Parents all school absences should be reported by you to Ms. Ophelia Rowan.

Visit us at www.jcpsd.net/upperelementary for school contact information. Parents we thank you for all you are doing to assist in our scholars' academic studies!

Teamwork, Collaboration, and Success!

Ms. Cashoney Carter, Principal

Upcoming Dates:

- *****
- September 7- Labor Day (No School)
- September 10- Progress Reports
- Virtual Open House
