

Algebra 2 Week 1 Work (Tuesday – Thursday)

After completing the Monday worksheet that is posted, complete the following for week 1:

-View the powerpoint named “Poly powerpoint” and take the notes on the file called “Poly notes”. If you can’t print just write the notes on your own paper.

-Print and try “Poly work” or write on your own paper. *For help with polynomials, you can also visit:

<https://www.purplemath.com/modules/polydefs.htm>

-After done with the polynomials, visit this link and read the first page about exponents:

<https://www.purplemath.com/modules/exponent.htm>

-Then also read this link about negative exponents:

<https://www.purplemath.com/modules/exponent2.htm>

-Finally, either print out or work on your own paper the file posted named “Exponent Work”

For week 1 you will turn in (once we get back to school):

Monday work, Poly notes, Poly work, Exponent Work
