Your child has qualified to participate in the ESOL program. ESOL strategies will be used by the teachers to provide understandable instruction in the regular classroom setting. An ELL individual educational plan will direct the program for your child. Your child's participation in the ESOL program is coordinated with the objectives and student plans of all other programs. ESOL will help your child in learning English and meeting standards for academic achievement, promotion, and graduation. Three years is the average term of ESOL enrollment. Your child will be evaluated each year with one of the IDEA language proficiency tests, CELLA, and/or the LEA Committee. When English language proficient, your child will exit the ESOL program.

If you have any questions, please feel free to contact me at \_\_\_\_\_.
