The Summer Reading Program is designed to encourage students to become lifelong readers. Developing a routine reading time is a helpful way to accomplish the summer reading without it becoming a chore.

The students are required to choose TWO novels from this approved list to read over the summer. Completing the "How Does It Rate?" sheet will help them remember information that is unique to their books. Please plan on bringing your completed "How Does It Rate?" sheets during the first week back to school. If your child has already read all the books from the list above, please choose another book from the authors listed above.

Enjoy your summer reading!!
