VISION

All students will be successful.

WPCSD Mission Statement

The mission of the West Point Consolidated School District is to provide an educational system characterized by innovation, individualized instruction, and shared responsibility in a safe and supportive environment.

West Point Consolidated School District Dropout Prevention and Restructuring Plan

The West Point Consolidated School District’s(WPCSD) 2020-2021 Dropout Prevention and Restructuring Plan is a collaborative plan developed by the WPCSD Dropout Prevention and Restructuring Team for identifying students in danger of dropping out of school the WPCSD Dropout Prevention and Restructuring Team recognizes that this is a “fluid” plan which will require continuous monitoring and revisions in order to best meet the needs of our students and thus decrease the number of students at risk for dropout and increase graduation rates.

Summary of Data Considered

The WPCSD Dropout Prevention-Restructuring team considered various data points during the development of this plan. Data information included aspects of:

- Attendance Rate
- Truancy Rate
- Mobility Rate
- Graduation Rate
- Dropout Rate
- Disciplinary Infraction Rate
- School Population
- Economically Disadvantaged

- At-Risk Special Populations
- Students with Disabilities
- Subgroup demographics and achievement gaps
- Teacher Attendance
- Suspension Rate
- Grade Point Average
- Reading and Math Scores
- Policy statements regarding district-level dropout prevention strategies
- Plan for the coordination and cooperation among school officials, agencies, and programs involved in compulsory attendance issues, to reduce the number of unexcused absences from school

Research indicates a student’s decision to drop out of school is a gradual process that starts well before high school. Therefore, it’s important to identify at-risk students and provide support that lead to increasingly successful engagement in school as early as possible. The WPCSD Dropout Prevention-Restructuring Team reflects the West Point Consolidated School District’s Leadership Team’s vision and mission statement that all children deserve a quality education. Members of the WPCSD Dropout Prevention-Restructuring Team bring together a wealth of experience and knowledge for identifying students’ needs and developing strategies to meet those.

Team Membership Rationale:

Team Member	Position	Rationale: What strengths/perspective does this person bring to the team?
Burnell McDonald	Superintendent	Knowledge of district wide curriculum, attendance, operations, and programs
Reita M Humphries	Assist. Supt.	Knowledge of Instruction, Federal Programs, and at-risk special populations
Jermaine Taylor	Assist. Supt.	Knowledge of district’s operations(Technology, Transportation, Maintenance and Child Nutrition), middle and high school curriculum
Kendall Pickens	Principal	Knowledge of high school curriculum, Carnegie units, student body, graduation requirements, MTSS, attendance
Wynesther Cousins	Principal	Knowledge of 8 th -9 th curriculum, student body, Carnegie units, MTSS, attendance
Patrick Ray	Director	Knowledge of workforce and industry, student body, local and state industry certification requirements

Richard Bryant	Principal	Knowledge of middle school curriculum, student body, MTSS, attendance
Casey Glusenkamp	Principal	Knowledge of elementary curriculum, student body, MTSS, attendance
Jacqueline Gray	Principal	Knowledge of early childhood education curriculum(PreK-K), student body, MTSS, attendance

Dropout Prevention and Restructuring Plan

Research has identified attendance, behavior and course performance are proven data points to use when determining the likelihood of a student graduating from high school. Attendance data includes absences, tardies, and early check-outs which cause students to fall behind in their coursework, resulting in falling grades. Poor attendance may indicate health, family, or other issues that are distracting the student. Behavior issues can indicate that a student is disengaged with the school environment, challenging school personnel to create ways to reignite interest in school for the student. Outside influences such as homelessness, working jobs, abuse or neglect in the home, drug abuse, mental health issues, and bullying are considered when determining causal factors for behavioral issues. Suspensions can make it difficult for a student to catch up on material missed. Course failure and overall grade point average correlate with student probability of graduating from high school on time. Disengagement at the classroom level can be indicated through poor course performance. Teacher effectiveness is considered when addressing engagement issues.

S	Specific	S – is the goal specific ? (What will it do? Who will carry it out? What task will be done? What do you need to complete this step?)	Administrative Assistant and Data clerk will monitor ADA to identify when students have more than 5 absences for nine weeks grading period. They will notify the Attendance Officer. Parents will be contacted about unexcused absences by either a site-based clerical worker or the automated calling system in SAM.	
M	Measurable	M – is the goal measurable ? (How will the team know it has been achieved? How will progress monitor? How will you measure outcomes?)	Student ADA will be measured with daily attendance being taken at the school level. ADA data will populate in School Status Reports daily.	
A	Achievable	A – is the goal achievable ? (By when? What could get in the way of task completion? How will you overcome them?)	The goal is achievable but may need modifications due to the current circumstances with Covid-19. The district will offer a hybrid learning option and students will have the choice of attending face-to-face or a virtual learning setting.	
R	Relevant	R – is the goal relevant to performance expectations?	The goal is relevant. ADA is a factor that contributors to student academic success.	
T	Time Bound	T – is the goal time bound ? (How often will this task be done? By when will this goal be accomplished?)	Student absences will be monitored daily. The leadership team will discuss the quarterly. The school board will be updated quarterly.

WPCSD SMART Goals

Goal 2: Reduce the number of office referrals by 10%

Focus Area: Attendance Behavior Course Performance Other

S	Specific	S – is the goal specific ? (What will it do? Who will carry it out? What task will be done? What do you need to complete this step?)	The school administrator will review the student behavior history when addressing a discipline referral.		
M	Measurable	M – is the goal measurable ? (How will the team know it has been achieved? How will progress monitor? How will you measure outcomes?)	The goal is to reduce the number of office referral by 10%. The Dropout Prevention Team will report the number of office referrals to the WPCSD Leadership Team twice during each nine weeks to adjust strategies and to the school board as needed.		
A	Achievable	A – is the goal achievable ? (By when? What could get in the way of task completion? How will you overcome them?)	Monitoring the number of referrals continuously will allow for more efficient identification and addressing of trends. The lack or loss of focus on this is a possible barrier. Principals and Leadership Team members will need to ensure the focus remains at the forefront of our data analysis.		
R	Relevant	R – is the goal relevant to performance expectations?	The goal is relevant and achievable. Reaching this goal will have a positive impact on student achievement since the student will be in the classroom receiving instruction rather than in the office for discipline reasons.		
T	Time Bound	T – is the goal time bound ? (How often will this task be done? By when will this goal be accomplished?)	Reports to the school board as needed. In depth data review by the WPCSD Leadership Team twice per nine weeks. School board data reporting and Leadership data reviews begin in August and end in June.

WPCSD SMART Goals

Goal 3: Increase the number of students scoring proficient on benchmark/state assessments by 10%

Focus Area: Attendance Behavior Course Performance Other

S	Specific	S – is the goal specific ? (What will it do? Who will carry it out? What task will be done? What do you need to complete this step?)	The building administrators will review the student assessment data to identify students in need of additional support		
M	Measurable	M – is the goal measurable ? (How will the team know it has been achieved? How will progress monitor? How will you measure outcomes?)	The goal is to reduce the number of students in Tier 3 interventions by 10%. The Dropout Prevention Team will report the number of Tier 3 interventions to the WPCSD Leadership Team each nine weeks to adjust strategies and to the school board as needed.		
A	Achievable	A – is the goal achievable ? (By when? What could get in the way of task completion? How will you overcome them?)	Monitoring the number of Tier 3 intervention referrals each nine weeks will allow for more efficient identification and addressing of trends. The lack or loss of focus on this is a possible barrier. Focus Area: Attendance Behavior Course Performance Other

S	Specific	S – is the goal specific ? (What will it do? Who will carry it out? What task will be done? What do you need to complete this step?)	Administrators and teachers will implement high quality Tier 1 and 2 instruction for all students. Special attention will be given to students in the bottom 25% in grades PreK-8 that will receive skill remediation in both ELA and mathematics.		
M	Measurable	M – is the goal measurable ? (How will the team know it has been achieved? How will progress monitor? How will you measure outcomes?)	Assess students' academic performance in mathematics and reading and provide data needed for instructional decisions. Utilize individual student diagnostic, instructional planning, progress monitoring, and goal planning for students.		
A	Achievable	A – is the goal achievable ? (By when? What could get in the way of task completion? How will you overcome them?)	The goal is achievable but may need modifications due to the current circumstances with Covid-19. The district is offering a hybrid learning option and students will have the choice of attending face-to-face or a virtual learning setting. Administrators along with teachers will have to work to accommodate both learning options.		
R	Relevant	R – is the goal relevant to performance expectations?	Yes, the goal is relevant. The multiple retentions in the early grades often lead to lower graduation rates and higher dropout rates.		
T	Time Bound	T – is the goal time bound ? (How often will this task be done? By when will this goal be accomplished?)	Weekly MTSS meetings at the individual school level, monthly reports to the superintendent (or his designee), and end-of the year meetings with administrators as students transfer to the next building.

Students Administration Manager (SAM), School Status, Attendance reports, and Benchmark Assessments
M	Measurable	M – is the goal measurable ? (How will the team know it has been achieved? How will progress monitor? How will you measure outcomes?)	Success will be measure by increases in the end-of-year graduation rates. Higher attendance rates,
A	Achievable	A – is the goal achievable ? (By when? What could get in the way of task completion? How will you overcome them?)	The goal is achievable, but the hybrid schedule may present some challenges. School administrator will need to work through challenges of the hybrid schedule to ensure that students are learning and attending school whether they are attending face-to-face or a virtual learning setting.
R	Relevant	R – is the goal relevant to performance expectations?	Yes, the goal is relevant. The graduation rate and ADA is affected by at-risk students lack of interest in school.
T	Time Bound	T – is the goal time bound ? (How often will this task be done? By when will this goal be accomplished?)	Student attendance, grades, and behavior is carefully monitored using the Student Administration System (SAM). Dropout Prevention and Restructuring Plan Assurances

On behalf of West Point Consolidated School District, I hereby submit the Dropout Prevention/Restructuring Plan to provide goals, activities, and services necessary to meet the overarching goals of the state dropout prevention plan:

- Reducing the retention rates in grades kindergarten, first and second.
- Targeting subgroups that need additional assistance to meet graduation requirements.
- Developing dropout recovery initiatives that focus on students age seventeen (17) through twenty-one (21), who dropped out of school (i.e., Mississippi Works).
- Addressing how students will transition to the home school district from the juvenile detention centers.

I hereby certify that our school district will evaluate our district dropout prevention plan on an annual basis to determine appropriate changes needed for future school years.

I hereby certify that our District School Board has reviewed and approved this plan for submission to the Mississippi Department of Education.
