

Tip: back into parking spaces if arriving early for ease in exiting space

Clark Shaw Magnet Carpool lanes rules and tips

- We have added more carpool lanes in order to help with wait times. Please be mindful of our new traffic flow and follow the directions set in the diagram above.
- No Cellphone use while in carpool lanes or while driving in the parking lot before 7:20 and after 2:30. Help keep our students safe!
- Do not leave your car unattended at any time if you are in a carpool lane! If you need to get out of your car, find a parking space.
- Do not exit your carpool lane once you are in that lane. Follow with the flow of traffic to the exit. There is only one exit and one entrance during carpool drop off and pick up!
- Yield to all students! Please keep an eye out for students crossing in front of your vehicle. Especially in the lanes 3 & 4.
- Be courteous when needing to merge and please follow the directions of our traffic attendants.
- Tips: Arrive early for parking spaces. If you are in the same area each day your student will know where to look for you. Be courteous to our neighbors and don't block drive ways and streets while waiting for our lanes to move.
- Morning drop off is only at the gym end of the building. Students must enter at that entrance.
- Watch your speed at all times when driving on school property please.
- Morning Drop Off, lanes 1 and 3 only!
