

School Closure Resources

Parents,

During the closing, the students will not be required to turn in any work. However, I am sending home some resources that you can use at home so your child does not get too far behind. All of these do not have to be completed but please make sure your child is doing at least two activities a day along with reading 15 minutes. An additional resource that is not in the other paperwork is Waltke's Web. The website is <http://classroom.jc-schools.net/waltkek/First4.html>. This will get you to Unit 4 and then you will look under Week 6 and have your child view the power points and other activities. If they finish Week 6, they can go back to weeks 1-5. Remember you can always have them work on the Unit 4 sight words, review spelling words, and complete the homework sheet. We will not test on any of the missed skills. I will let you know what skills we will be working on once we are back at school! Please look in your child's binder for the homework sheet as well as upcoming spelling and sight words. Thank you and I hope you all stay well!

Mrs. Howell
