

Dear Parents & Families,

As you know, information is rapidly evolving as new details and new questions emerge about COVID-19. During this time, it is especially important that you assure your child(ren) are safe in order to help them cope with the stress that may accompany the school closure and/or quarantine event.

In any crisis, adults and children are likely to be worried, stressed, or agitated. We can lessen the impact for children if we are prepared to deal with an incident. We are providing a list of activities and resources you may do with your child each week, during our school closure. These are optional, not required. There will be no grades taken from these activities. There will be no penalty for not completing these activities.

Thank you for remaining connected to your child's program regarding the latest information regarding any updates and closures. Check back to our website often for additional information.

Thank you for your support.
