

My name is Kimberly Martin. I am a 2nd grade teacher at Francis Marion School. I am also a native of Marion, Alabama. Before starting my career in Education, I was a cosmetologist for about 20 years. I also taught at Berean Baptist Head Start for two years and the Selma City Schools System for five years. I have a bachelor's degree from Concordia College Selma in Early Childhood and Elementary Education. I am married to Lloyd Martin and I have two children, Daja and Camren. I have very high expectations for all my students and truly believe that through respect, team work, parent participation, and cooperation all students will be able to achieve greatness. I believe these key elements will provide a foundation for the success and well- being of my students. I enjoy spending time with my family, cooking, reading, and watching movies.
