

Bonaire Primary School  
School Council Meeting  
May 6, 2021

1. Playground

- BPS purchased a jumble gym for more recess activities for next year
- BPS also purchased a 20x20 carport with a concrete slab for shelter and shade on the playground
- BPS purchased two metal picnic tables-1 blue and 1 gray to be placed under the carport
- There is a plan for a fence to go along the side of the building which will allow for a large secure green space for play
- The green space will also have a ball field area to play games

2. MAPS Testing Data

- Dr. Mayfield shared how awesome the students scored on the assessments
- Congratulations to the students and staff for working so hard this school year!

3. Goals for the 2021-22 school year:

- Staff will develop consistent guidelines for assessing students
- The school will create an authentic Bobcat Buildup
  - Students will be grouped by academic need and transit to and from a classroom that is working on that particular skill for approximately the first 30 minutes of the day.
  - COVID guidelines did not allow for this in the 20-21 school year
- Math instruction and alignment will also be a goal

4. BPS will be sending out a survey asking for parent feedback regarding the 20-21 school year.

- Data will be collected on:
  - \*Future needs of the school
  - \*Things that went well
  - \*New additions to the school
  - \*Things to improve upon
- The survey will be created by the School Council. Families will be asked to provide feedback once it is finalized.
