Curriculum Updates

April 10, 2018

Donny is saving money to buy a skateboard that costs \$28. He has saved \$11 so far. Donny rounds each of these numbers to the nearest ten to estimate how much more money he needs to save. He estimates that he needs to save \$10 more to buy the skateboard. Donny made a mistake. Which statement most likely explains the mistake Donny made while estimating?

- A. He subtracted and then rounded incorrectly.
- B. He rounded the greater number down instead of up.
- C. He rounded the greater number up instead of down.
- D. He forgot to regroup when he was subtracting the two amounts

Being the president of the United States is an important job. To be the president, a person needs to be an American citizen from birth. The person needs to have lived in the United States for at least 14 years and needs to be at least 35 years old. The person also needs to be elected by the people of the United States. The president of the United States has many important duties. The president signs laws and leads not only the people of the United States but the armed forces as well. The president also has to work with leaders from around the world to solve many different types of problems.

A student is sorting her notes for a research report about the president of the United States. Write the student's notes under the correct headings in the chart.

What is required to become the president?	What are the duties of the president?

MAP, Curriculum, Standards - what does it all mean??

Standards

what students need to learn

Curriculum

the books, materials, assignments, and activities that assist students in learning standards

MAP

the test given by the State of Missouri to determine how well students learned the standards

STANDARDS

- Jennings School District teaches the **Missouri Learning Standards**
- These standards are not Common Core, but they are very similar

CURRICULUM GRADES K-8

CONTENT	CURRICULUM	WHAT TO EXPECT
English Language Arts	EngageNY	“Big” topics in K-2 Non-fiction in 3-6
Math	EngageNY	Very challenging with some new terms
Science	MySci	Hands on projects and experiments
Social Studies	Teacher Created	Often connected to topics in English & Science

CURRICULUM GRADES 9-12

CONTENT	CURRICULUM	WHAT TO EXPECT
English Language Arts	Teacher Created	All Content is connected to College & Career Pathways. Students have opportunities for college credit, internships, and apprenticeships in various fields.
Math	EngageNY & Teacher Created	
Science	Teacher Created & PLTW	Electives include Construction, Nursing, Visual & Performing Arts, Family & Consumer Science, Business, Marketing, & Robotics
Social Studies	Teacher Created	

MAP & EOC

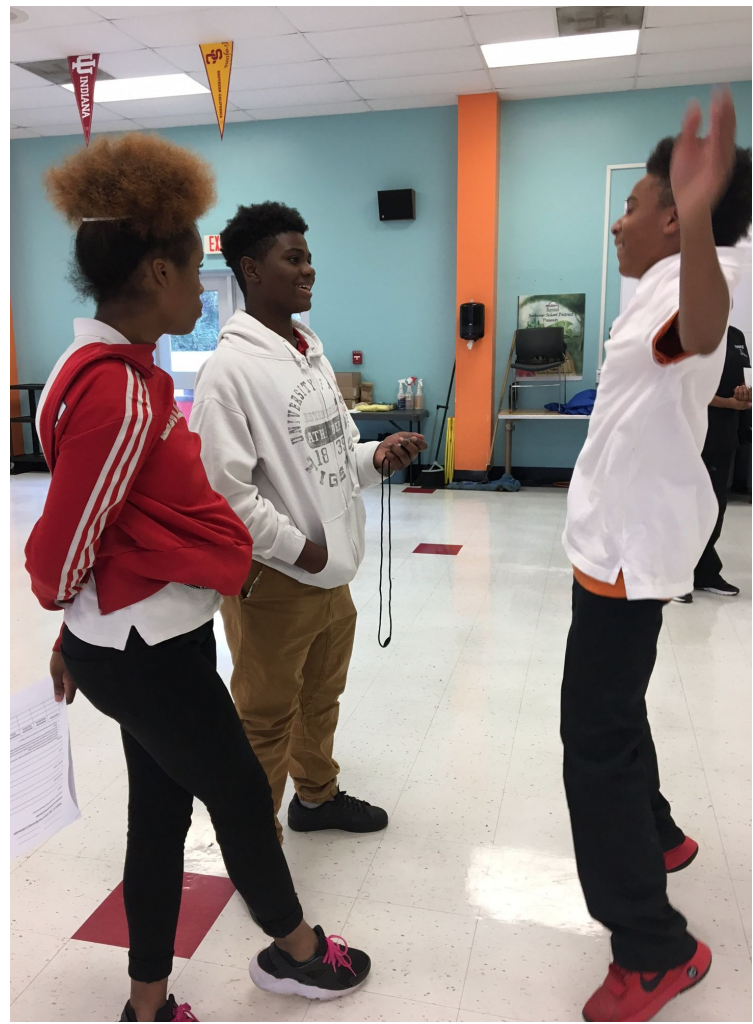

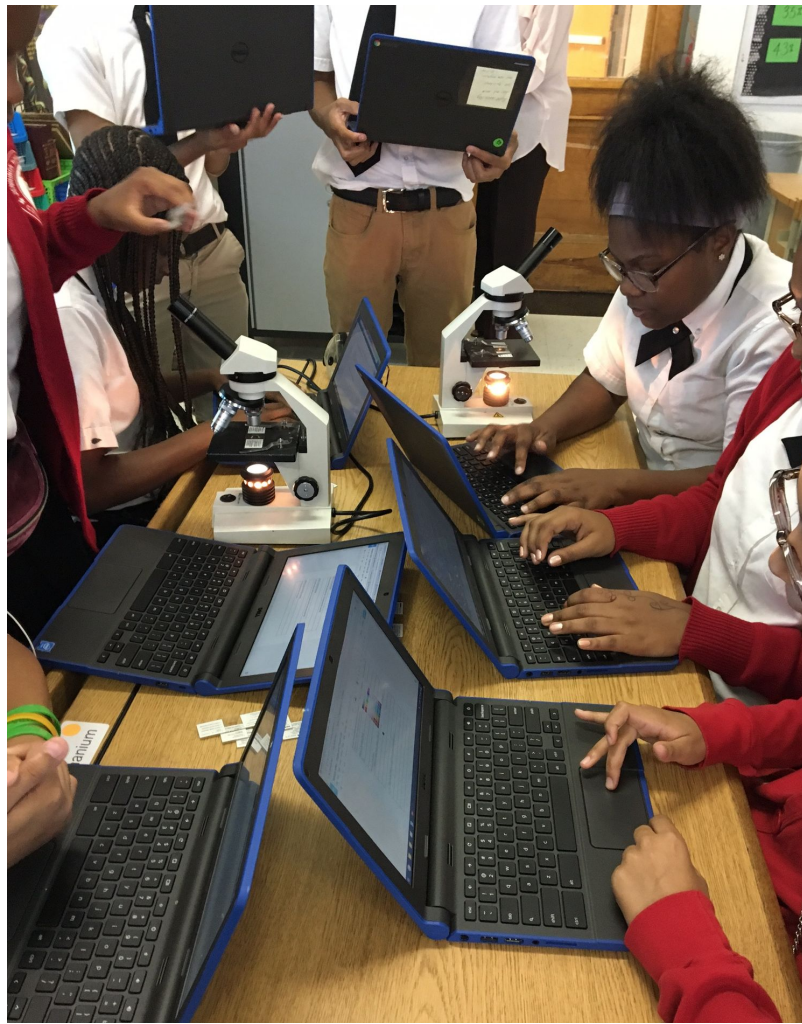

- Given online in April and May
- Jennings students take “Engrade” tests & MAP/EOC Practice tests throughout the year to monitor their progress

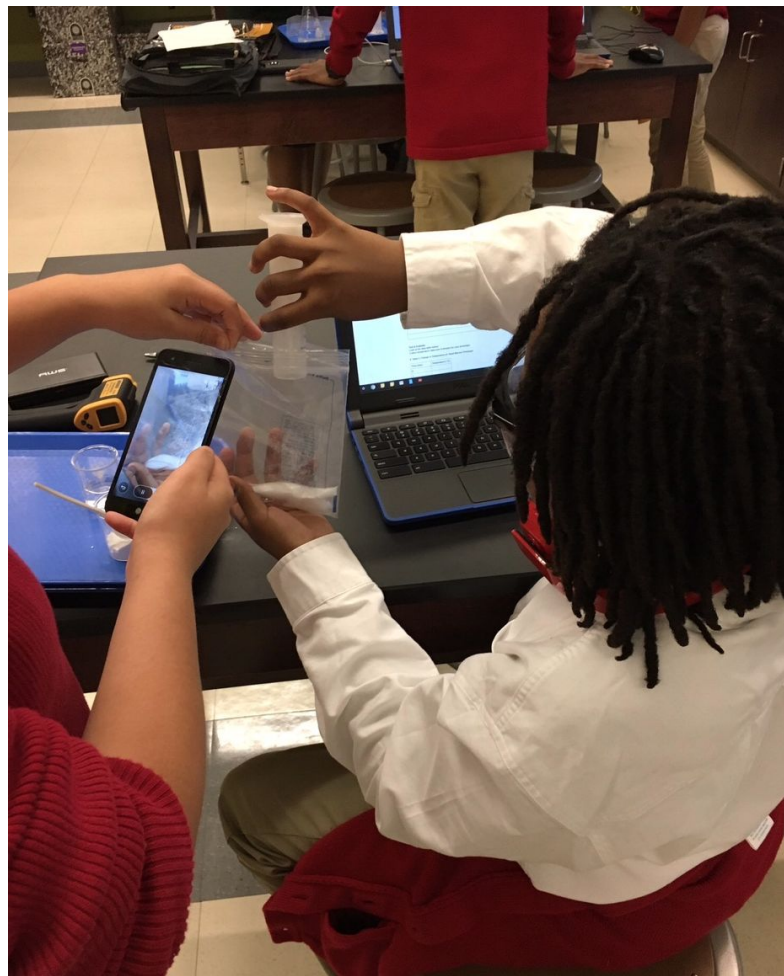

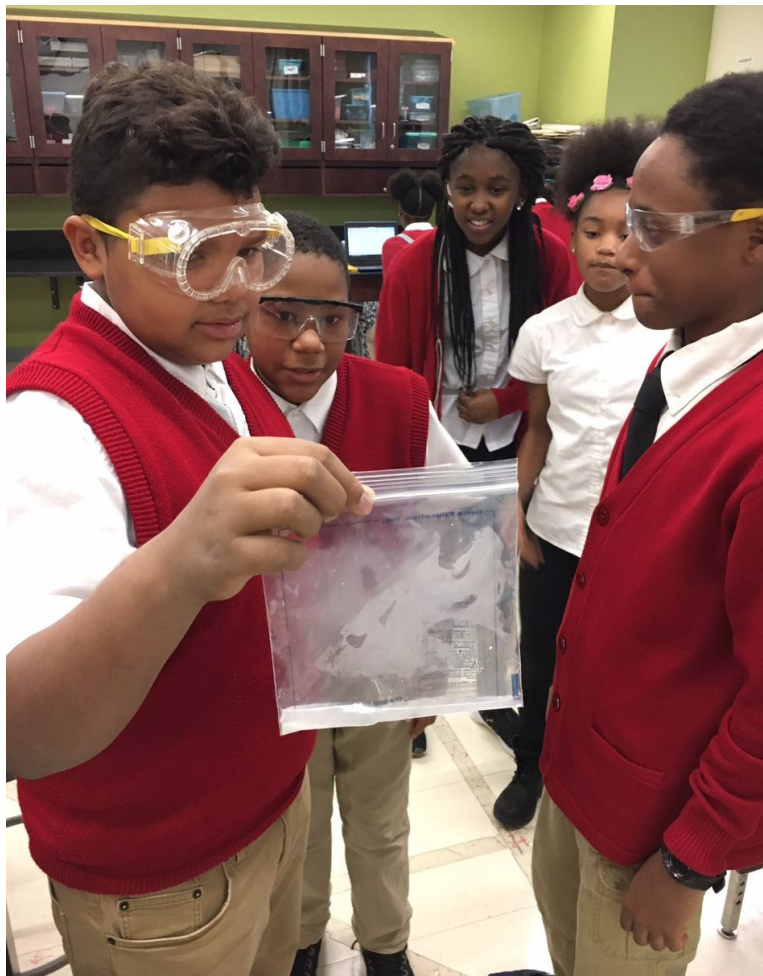

How can I support my student?

- Ask about what they're reading and learning. Ask why and how.
- Ask children to DO the math that they encounter in daily life.
- See additional ideas in the provided packet.

Thank You
