

Pacing Guide for Acuity Readiness Form A Grade 3 - Math (Performance)

Grade	Domain	Cluster	Standard Skills	DOK
Grade 02	2.MD Measurement and Data	Represent and interpret data	2.MD.10 Draw a picture graph and a bar graph (with single-unit scale) to represent a data set with up to four categories. Solve simple put together, take-apart, and compare problems using information presented in a bar graph.	Level 3 - Concluding and Explaining
Grade 02	2.MD Measurement and Data	Relate addition and subtraction to length	2.MD.5 Use addition and subtraction within 100 to solve word problems involving lengths that are given in the same units, e.g., by using drawings (such as drawings of rulers) and equations with a symbol for the unknown number to represent the problem.	Level 3 - Concluding and Explaining
Grade 02	2.OA Operations and Algebraic Thinking	Represent and solve problems involving addition and subtraction	2.OA.1 Use addition and subtraction within 100 to solve one- and two-step word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using drawings and equations with a symbol for the unknown number to represent the problem.	Level 3 - Concluding and Explaining/ Level 2- Using Fundamental Concepts and Procedures
Grade 02	2.OA Operations and Algebraic Thinking	Work with equal groups of objects to gain foundations for multiplication	2.OA.3 Determine whether a group of objects (up to 20) has an odd or even number of members, e.g., by pairing objects or counting them by 2s; write an equation to express an even number as a sum of two equal addends.	Level 3 - Concluding and Explaining
