

ARP ESSER Health and Safety Plan Guidance & Template

Section 2001(l)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:

- a. Universal and correct wearing of masks;
- b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);
- c. Handwashing and respiratory etiquette;
- d. Cleaning and maintaining healthy facilities, including improving ventilation;
- e. Contact tracing in combination with isolation and quarantine, in collaboration with State and local health departments;
- f. Diagnostic and screening testing;
- g. Efforts to provide COVID-19 vaccinations to school communities;
- h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
- i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

Additional Resources

LEAs are advised to review the following resources when developing their Health and Safety Plans:

- [CDC K-12 School Operational Strategy](#)

Health and Safety Plan Summary: Sugar Valley Rural Charter School

Initial Effective Date: August 1, 2021

Date of Last Review: July 20, 2021

Date of Last Revision:

1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?
2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?
3. Use the table below to explain how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.

ARP ESSER Requirement	Strategies, Policies, and Procedures
a. Universal and correct wearing of <u>masks</u> ;	SVRCS will comply with CDC and PDE mandates. Staff and students may voluntarily wear masks at any time. All PPE equipment will be provided upon request.
b. Modifying facilities to allow for <u>physical distancing</u> (e.g., use of cohorts/podding);	Homerooms/Classrooms and other areas in the school will be assigned to maximize social distancing.
c. <u>Handwashing and respiratory etiquette</u> ;	Handwashing will be encouraged throughout the day, when appropriate. Hand sanitizer will be utilized before and after transitions, as available. Handwashing and respiratory etiquette posters will be displayed in every bathroom, classroom, office and hallway.
d. <u>Cleaning</u> and maintaining healthy facilities, including improving <u>ventilation</u> ;	The school, which includes the buildings and its contents, will be clean to start each day. High frequency and shared items/areas will be cleaned throughout the day following use. Offices and classrooms will be cleaned by custodians

ARP ESSER Requirement	Strategies, Policies, and Procedures
	after school hours. Common use areas, such as hallways and bathrooms, will be maintained by custodians and cleaned throughout the day and after school. Each building will be fogged each night to further sanitize all remaining items in the building
e. <u>Contact tracing</u> in combination with <u>isolation</u> and <u>quarantine</u> , in collaboration with the State and local health departments;	SVRCS will follow all DOH/CDC/PDE guidelines for contact tracing, isolation, and quarantine.
f. <u>Diagnostic</u> and screening testing;	Parents, students and staff will be reminded through social media, posters and the school's website of COVID symptoms and instructed on when to remain at home. The school nurse will do additional screening for staff and students if they are presenting symptoms during the school day.
g. Efforts to provide <u>vaccinations to school communities</u> ;	SVRCS will share information concerning vaccinations with the community.
h. Appropriate accommodations for students with disabilities with respect to health and safety policies; and	The school will engage in conversation with the parents/guardians of any student with disability who request accommodations.
i. Coordination with state and local health officials.	The school will have open communication with state and local health officials.

Health and Safety Plan Governing Body Affirmation Statement

The Board of Directors/Trustees for the **Sugar Valley Rural Charter School** reviewed and approved the Health and Safety Plan on **(reviewed on June 22, 2021) and approved on July 20, 2021.**

The plan was approved by a vote of:

5 Yes

0 No

Affirmed on: **July 20, 2021**
