We are fortunate to represent an institution like Page High School and have the ability to support one of the state's most comprehensive and successful athletic programs. Your contributions to Page Athletics allows us to continue providing an amazing academic and athletic experience to over 400 Sand Devil student-athletes across 22 varsity programs including spirit/dance squads, marching band, color guard, drama and the spring musical.

In recent years, we have excelled in one of the most notable conferences in interscholastic athletics, the 3A North, and none of this would be possible without devout supporters like you. We have been able to complete Phase I for our athletic programs to update and paint facilities such as the weight room, the football stadium, soccer and baseball complex as well as the main gym and pool gyms. They will continue to serve as competition and training centers that impact nearly all of our varsity programs.

It is an exciting time here in Page as we enter Phase II of the Athletics master plan. This phase will include an update to the wrestling facilities and bathroom facility down at the soccer and baseball complex. It will also include the upgrading of our weight room facility to help our student athletes have the edge when competing. The second phase of the Athletics plan will play a pivotal role in furthering the development of our student-athletes by ensuring they have access to the top facilities and resources in the state.

In 2019-20 school year, the Department of Athletics and Activities is hoping to raise \$50,000 dollars to help to contribute to these upgrades. Through the private support of our loyal and generous donors, we can provide student-athletes with the opportunities they need to succeed and represent this Page High School and the community.

If you are a current Sand Devil donor, I would like to thank you for your generous support. Your contributions change the lives of every student-athlete that wears the black and red. If you are not a current donor, I encourage you to support our beloved Sand Devils by donating today through our banner program or a donation to the athletic department. As we move forward, it will take the entirety of the Sand Devil Nation to ensure that our student-athletes have the resources they need to be not only great students and competitors but also great people.

Thank you for taking the time to be a champion for our Sand Devils

Thanks for your support and SAND DEVILS!

A handwritten signature in blue ink that reads "Ernie Rivers".
