

Fifth Grade Newsletter

November 11-15, 2019

<p>Reading</p>  <p>Mrs. Patterson Mr. Nejus (5A)</p>	<p>We will continue reading our new novel, <i>Hatchet</i>. The students did awesome on their first half tests! I am beyond proud of them. I have decided to not do a second half vocabulary because of the short amount of time to study the words before camp. We will finish the novel by the end of this week and take a test the following week. There will be NO spelling words this week. There will be no homework this week.</p> <p>All students will need to bring in a cereal box for an upcoming project.</p> <p>Questions or comments: dana.patterson@southern.k12.oh.us Phone number: 330-679-2343 Ext. 4083 Standards: RF.5.3, RF.5.4 (a,b,c), RL.5.1, SL.5.1 (a,b,c,d),</p>
<p>Math</p>  <p>Mrs. Scheel Mr. Nejus</p>	<p>This week students will be focused on reviewing 4th grade division of multi-digit numbers by one-digit numbers as well as expanded our practice into multi-digit numbers by two-digit numbers. In order for students to be successful, it is important that you are practicing multiplication facts with your student daily. We will also work in math workshop, practicing multiplication facts, number of the day activities, weekly work focused on place value review, and challenge activities that are based on student scores and abilities as shown on the STAR math assessment.</p> <p>Homework: Wednesday - Partial Quotients Practice; Thursday - Area Model Practice Standards: NBT.6 Questions or comments: tiffany.scheel@southern.k12.oh.us Phone: 330-679-2343 Extension 4084</p>
<p>Science</p>  <p>Ms. Marquis Mr. Nejus</p>	<p>This week we students will identify producers, consumers and decomposers in an ecosystem. They will also identify herbivores, carnivores and omnivores. They will categorize energy flow through an ecosystem and identify that producers change energy from the sun to make food through a process called photosynthesis. They will be reading and creating food chains and food webs, while identifying the flow of energy through the ecosystem.</p> <p>Standards: 5.LS.1 - Organisms perform a variety of roles in an ecosystem. Populations of organisms can be categorized by how they acquire energy. Food webs can be used to identify the relationships among producers, consumer, and decomposers in an ecosystem.</p> <p>Questions or Comments: karen.marquis@southern.k12.oh.us Phone no. 330-679-2301 ext 4090.</p>
<p>Social Studies Mrs. Sakely Mr. Nejus</p>	<p>Students will not have Social Studies until the 3rd and 4th nine weeks of the school year.</p>
<p>Reminders</p>	<ul style="list-style-type: none"> • 1st 9 weeks awards ___ at 1:00 • Camp Fitch forms went home. Please get forms and money turned in. We need to get information sent to camp regarding food allergies and t-shirt information as soon as possible.
