

**Pottsville High School
Parent Involvement Plan
2016-2017**

Parent involvement is a crucial element of successful student education. Studies continuously support that parent and guardian involvement in their children's education at home improves student achievement and that parent involvement at school results in higher long-term student achievement. Benefits are not limited to the early childhood or elementary years but continue to have a positive impact throughout the high school years. The school and the home must work together in order to enable a child's full potential to be met. It is also recognized that this is especially important for children from families with different cultural and language backgrounds than their prevailing culture.

Pottsville High School recognizes that a child's education is a responsibility that is shared by the parent, the child, the school and the community at large. Parent involvement must be comprehensive and is built upon the understanding that communication between home and school is two-way. Parent involvement is defined as and is to include non-parent guardians, though in this plan the reference is to the simpler "parent" designation. PHS school policy is a coordinated effort to address these needs and ensure compliance with the State of Arkansas Act 603 of 2003, also to address and comply with the Federal Elementary and Secondary Education Act (ESA), renamed the No Child Left Behind Act of 2002 and Every School Succeeds Act (ESSA). The plan is designed to involve parents of students at the 10-12th grade levels and in a variety of roles. This plan is effective September 1, 2003. It is implemented but open to annual review based on developing knowledge and ongoing input from parents and staff.

**In accordance with Arkansas Act 603:
6-15-1602**

- I. Pottsville High School includes programs and practices that enhance parental involvement and reflect the needs of students and their families.

- b. It is comprehensive and coordinated in nature.
- c. It builds on an understanding that parent and school communication must be regular and two-way.
- d. Family Kits will be developed that are grade appropriate
 - i. Kits will contain information on the school's Parent Involvement Program
 - ii. Parents, students, teachers and the school all have a role in creating the home and school partnership. The significant interrelated roles are described below:
 1. Parents have the right and the responsibility to support student achievement efforts in these ways: to participate in two-way communication with the school; send their children regularly and prepared for the day's activities; and to be involved at the school.
 2. Students have the responsibility to be respectful of themselves, their peers and teachers, to come to school prepared to participate fully in the educational process, and to facilitate parent/school communication.
 3. Teachers have the responsibility to provide the information that parents need to help their children, to be responsive to parents and provide opportunities for parent involvement in a welcoming environment.
 4. Administrators have the responsibility to provide a welcoming and supportive environment for parents, to provide opportunities for parents to be involved either at the school or at home and to clearly communicate school expectations, policies, procedures, and calendars.

Parents may contact the high school principal at 968.6334 or the Superintendent of Schools with questions. If, at any time, a student has been taught for four (4) or more consecutive weeks by a teacher that is not highly qualified, the student's parent will be notified by the school of this information.

VII. Professional Development- In accordance with our ACSIP plan and the State Board of Education's Standards for Accreditation of Arkansas Public Schools and School Districts, Pottsville School District will provide no fewer than two (2) hours of parental involvement professional development (as required on a rotating basis) for teachers designed to enhance the understanding of effective parental involvement strategies. The same amount of hours (2) as required by ADE on a rotating basis will also be provided to administrators designed to enhance understanding of effective parental involvement strategies and the importance of administrative leadership in setting expectations and creating a climate conducive to parental participation.

VIII. Community Resources-Pottsville School District recognizes that community resources strengthen school programs, family practices and student learning. Pottsville School District has a "Task Force"/"Alumni Advisors" committee who wish to become involved by providing advice and guidance for school improvement.

XI. Annual Review- This plan is a living document and may be revised and will be reviewed on an annual basis. A copy of the plan will be filed with ADE annually. The effectiveness of the parental involvement plan will be evaluated and changes made as warranted. Parents will be surveyed annually and the appropriate data collected throughout the year to help assess parent participation in workshops and meetings, specific needs of parents, effectiveness of specific strategies, and the overall engagement of parents in activities that support student academic growth. The annual review will include identifying barriers to greater participation by parents in parental involvement activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background).
