

Spectator Information

Windsor High

Based on the current CDC and Henry County Health Department Guidelines, our expectation is that all spectators attending events at any Windsor School District follow the guidelines listed below.

1. If you are sick or generally not feeling well **DO NOT** attend any events.
2. If you cannot properly social distance wear a face mask/covering.
3. Social distance (minimum of 6 Feet) when possible.
4. Sit in family units.

For our outdoor facilities:

1. Maintain social distance (6 feet when possible). If you cannot social distance, we encourage face masks/coverings.
2. No one is allowed on the field of play following an event.
3. **DO NOT** greet your student/athlete until they have left the locker room!
4. Sit in family units when possible.
5. We will allow people to sit on the curves on the track (again this is to help social distance). You must provide your own seat/chair. Again, please help us keep this area clean.

For our indoor facilities:

1. Social distance when possible. We encourage face coverings/masks when you cannot social distance.
2. Bleacher seating will be as follows:
 - The North-side or left side of the gym when you enter, will be for visitors
 - The South-side or right side of the gym when you enter, will be for Windsor
3. Sit in family units
4. The first two rows will be for team members and personnel.
