Student Services:

I'd like to take this opportunity to clear up some misconceptions that occurred during recent budget hearings. On Tuesday, June 5th, the Town Council approved a budget that reduced the Board of Education's request by \$200,000. As we've mentioned to you in prior communications, this will unfortunately have an impact on resources and services for the classroom. Tonight, the Board will vote on an amended budget that addresses the cuts received from the Council.

Over the past ten years, the Board of Education has made substantial cuts in efforts to control costs. Administrators have been cut. Teachers have been cut. Resources have been reduced. We've turned over every proverbial rock to find efficiencies in facilities, energy, and operating costs. In fact, the 2018-2019 budget proposes to spend \$200,000 less on operational costs than we did five years ago. These efficiencies are due to ongoing efforts by our district leaders who take seriously their commitment to Wolcott's children and taxpayers. As an example, our school system has been recognized with Energy Star certification for all five of our buildings and conservation efforts have netted \$2,000,000 in savings over a five-year period.

At Tuesday's Town Council meeting, a statement was made that the schools can deliver all of the current programming with a \$300,000 cut. This statement is factually inaccurate. On March 14, 2018, the Finance Committees of the Board and Council held a joint meeting. At this meeting, the full Board budget was presented. Council members had an opportunity to scrutinize every line item and all questions from Council members were answered with facts about the Board's expenses. It was thoroughly explained to the Council members at this meeting and also at our presentation to the full council that costs we could not control were going up: special education and medical benefits among others. If the only thing that the Board and Superintendent did was propose a continuation of the 2017-2018 services, our requested increase would have been 4.2%. But, the Board and Superintendent worked together to delay projects and purchases

that lowered this continuation request from 4.2% to 3.03%. The Board and the Superintendent work hard over a three-month period to create a budget that represents the needs of the students; nothing more, nothing less. There is no “padding” to fall back on.

Also, there was mention during the Council meeting of a forensic financial audit of the Board. All residents should take comfort in the fact that Connecticut law requires an independent audit by external accountants of every board of education once per year. The Wolcott Board of Education has had perfectly clean audits for more than ten years with no “findings” that would indicate any type of impropriety or faulty accounting procedures. In other words, the Board of Education’s practices are compliant with legal requirements.

In closing, we’d like to assure you that the Board and Superintendent will continue to collaborate in their quest to provide the best education possible for the children of Wolcott within the funds that are apportioned to us by the Town Council. We’d like to thank the members of the community who have been active during the budget process. We appreciate your support.

FACILITIES COMMITTEE
MINUTES OF May 21, 2018

A meeting of the Wolcott Public Schools' Facilities Committee was held on Monday, May 21, 2018, at Tyrrell Middle School's Library. In attendance were: Thomas Buzzelli, Chair of the Facilities Committee; Lori Delbuono Bartlett, Chairman of the Board; Cynthia Mancini, Vice Chairman of the Board; Roberta Leonard, Secretary of the Board; Anthony Gugliotti, Christopher Charette, Paul D'Angelo, Kelly Mazza, and Kathleen Cordone, all board members. Also in attendance: Dr. Anthony Gasper, Superintendent of Schools; and Dave Stankus, Facilities Director.

The meeting was called to order at 6:40 p.m. by Mr. Buzzelli.

Mr. Stankus gave the Committee an update on each of our five school facility concerns. Tyrrell Middle Schools HVAC issue and energy use, all units are 20 years old. HVAC roof top units in all schools are 20 years old.

The committee also spoke of the Smyth house, it is currently empty, and in the past it was used for the Phoenix program. The house needs a new roof and windows and is not needed as space for expulsion tutorials. They also discussed Center Street School, it currently cost \$5,000 a year to maintain, this building was used as central office in the past and the Historical Society has shown an interest in the building. Consensus on continued discussion of dealing with two buildings and looking into demolition cost of the Smyth House.

School Safety Committee updated that they felt there should be more control over the access to the track during school hours.

ADJOURNMENT:

Motion: by Mr. Charette, seconded by Ms. Mancini, to adjourn the Facilities Committee meeting at 7:22 p.m. So voted.
