

## At-Home Daily Health Screenings

Students must not come to school if they exhibit any of the following symptoms:

- fever of 100.4 degrees or higher, or chills;
- shortness of breath or difficulty breathing;
- cough
- fatigue
- headache
- muscle or body aches
- sore throat
- congestions/runny nose
- nausea/vomiting
- diarrhea
- new loss of taste or smell

\*This list may not include all possible symptoms. A student with a daily runny nose or congestion due to allergies should not be kept at home.

Parents and Guardians must screen students for the above symptoms each morning and must keep students at home if any symptoms are present or they have a household member who has contracted COVID-19.

In an effort to keep our quarantining numbers as low as possible, we also ask that students stay home if anyone in the household is awaiting a COVID test result. Students will have the opportunity to make up work missed due to symptoms of COVID-19.
