The Principal's Corner

Greetings,

It has been so long since the last time I have had the opportunity to address the parents, families and community partners of Lemasters Elementary. I want to welcome you to the 2020-2021 school year.

This school year will be one that challenges all of us. The Covid 19 pandemic has forced us to rearrange and adapt to a new way conducting business and life as we know it. Virtual learning/remote learning are terms you will hear consistently for a while. There will be many challenges that we will face this school year. I will assure you that the Lemasters Elementary staff is supercharged and ready to implement the plans that were developed.

In closing, I want to again welcome you to a new school year that promises to be fun and exciting.

Sincerely,
Travis L. Brown Jr., Principal

Counselor - Mrs. Treadway

Healthy ways to cope with stress during a pandemic.

- Know what to do if you are sick and have a concern about COVID-19. Contact a health professional before you start any self-treatment for COVID-19.
- Know where and how to get treatment and other support services and resources, including counseling or therapy (in person or through telehealth services).
- Taking care of your emotional health will help you think clearly and react to the urgent needs to protect yourself and your family.
- Take breaks from watching television, reading, or listening to news stories, including those on social media. Hearing about the pandemic repeatedly can be upsetting.
