I certify that the information contained in this application is true to the best of my knowledge and belief

Signature Date

Dixie Crow Chapter of the Association of Old Crows High School Senior Scholarship

This scholarship is intended to support local colleges and students seeking degrees potentially leading to a career in the Electronic Warfare profession, whether ultimately here at Robins Air Force Base or elsewhere. This scholarship will provide the student with annual funding of \$1500.00 until attainment of an undergraduate degree or for 4 years, whichever occurs first.

Preference will go to Electrical/Electronic/Computer Engineering and Computer Scientist majors first, then to other engineering fields (mechanical, industrial, etc) with potential application to aircraft avionics systems. Other computer, mathematics and hard sciences degrees may be considered if there are no candidates seeking the previously stated degrees. Other degree programs are not acceptable. If there are no applicants meeting this requirement, no scholarship will be awarded that year. There is a long term obligation to remain in a program listed above, and the student will be required to maintain a GPA of 2.8

This scholarship is intended for students demonstrating some financial need. Seniors with tuition and course material already fully funded by other scholarships should not be considered.

Selection will be made by a person or group designated by each school. The first selection criteria is the degree chosen as indicated above. From those, selection is to be made based on GPA, ACT/SAT scores, financial need, and the response in the additional information section above to include the applicant's essay. Weighting of each factor is left to the discretion of the selection group. It will be awarded without regard to creed, race, sex or national origin.

The scholarship is to be presented annually at each school's senior awards ceremony. The school will designate who to turn the application in to, and what the deadline for application is. They must be received in time to make a selection and be approved before the awards ceremony.

The Dixie Crows shall be notified of the selection before announcement to the recipient. The Dixie Crows reserve the right to veto a selection not meeting the intent of the above stated requirement for the degree program. Current Dixie Crow contact information to notify the chapter can be found at <http://www.crows.org/chapters/dixie-crow-board-of-directors.html>. When notified of the recipient, the Dixie Crows will make a check out to the recipient to be presented at the awards ceremony.

Contact Rod Brooks (Rodney.Brooks.3.ctr@us.af.mil) with questions. Sometimes there are issues with education email to government so feel free to copy my personal at (rodbrooks66@gmail.com).
