CASE Benchmark Assessments**

Please complete this form to communicate to the CASE Assessments team which content to include on each of your district's benchmarks.

District or School: WPHS

Person completing this form: Shannon Roberson revised per CS21)

NOTE: Checking a standard signifies that the standard is to be assessed in its entirety. Since benchmarks are cumulative (testing curriculum taught from the beginning of the course), any standard checked for a benchmark can be assessed on all subsequent benchmarks.

In order to create balanced assessments that fully reflect the course material, CASE recommends customers select between 6-12 new standards per benchmark.

The final benchmark will be comprehensive and assess all standards.

Any requested changes to the checklist after it has been submitted to CASE may be subject to additional charges and/or adjustment of original test delivery schedule. Should changes be necessary, please contact CASE Assessments at marilyn.searcy@westpoint.k12.ms.us immediately.

Click in the boxes to select standards to be assessed on each benchmark.
