

Covid-19 Week 3

Nations of Northern Europe Project

Instructions: So far, we have studied the physical geography of Northern Europe. Now, we are getting into the human geography of the region. Your charge is to find the following information about the countries below.

Iceland

Finland

Denmark

Norway

Sweden

- Major religions and percentage of the population practicing that religion
- Ethnic make-up of the country and percentage of each ethnicity in the country
- Population of each country
- Capital City
- All Cities over 500,000 in population
- Form of government- describe how the form of government in the country works
- Find a famous person from each country, then write a short bio on that person
- Find the current FIFA world ranking for that nation's soccer team

Due: Friday, April 3rd by 6pm
