Please move at your own pace and let me know if you have any questions. I can provide additional work digitally upon request.

I've added some additional materials that you can use daily, such as weather cards, grooming checklists, and coloring pages. These are optional.
Also, please see the free resources that have been shared on the ClassTag app.
I hope to see you all very soon!

WHAT

# CORONAVIRUS

Many    people    around    the    world    are    sick.
They    have    a    new    illness    called    the    coronavirus.

The    coronavirus    spreads    from    person    to    person.

Anyone    can    become    sick    with    the    coronavirus.

The coronavirus gives people fevers and coughs.

Most people only become a little sick.

But some people become very sick.

The coronavirus spreads quickly.

Now the coronavirus is a pandemic.
A pandemic is when an illness spreads around the world.

People think the coronavirus started in China in 2019.

2019

It spread to many countries, including the U.S.

Leaders and doctors around the world are working together.

They are working to stop the spread of the coronavirus.

To help stop the spread, you should:
○ Wash hands often, for 20 seconds or more.
20

○ Not touch eyes, nose and mouth.

○ Call a doctor when you feel sick.

○ Stay away from others in public places. *

* See this week's News-2-You Extension Activity for more things you can do.
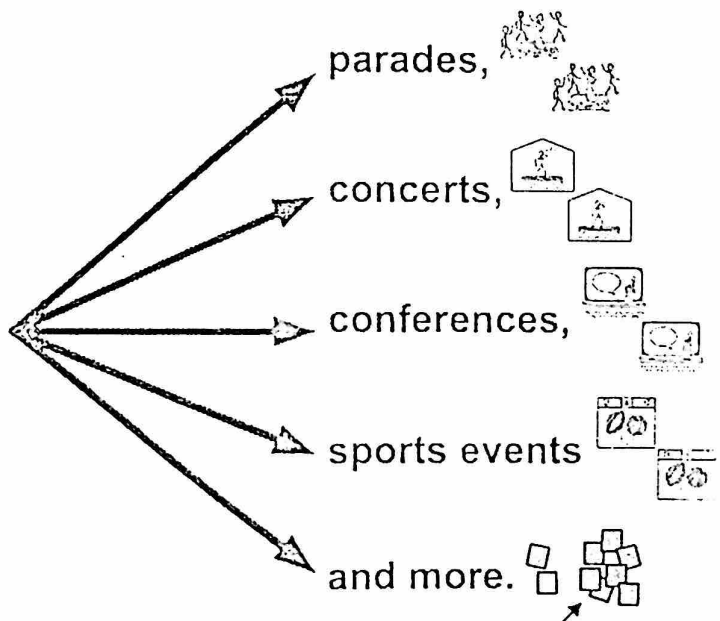

March 30, 2020
Leaders and doctors worry about crowds.
Sick people can spread the coronavirus in crowds.

Many leaders have canceled events with crowds.

Leaders have canceled

parades,

concerts,

conferences,

sports events

and more.

Leaders have closed public places with crowds.

Leaders have closed
- movie theaters,
- museums,
- restaurants,
- zoos
- and more.

Leaders have closed schools too.
Students are doing classes online in their homes.
Leaders do not want people to travel.

Sick people can spread the coronavirus to other places.

Airlines have canceled some flights.

Cruise ships have canceled some trips.
Many people are staying in their homes.
The coronavirus is a new illness.

Doctors are still learning about the coronavirus.

They hope to stop the spread of the coronavirus soon.

Then people can go to public places.
Leaders can open schools again.
