Custodian

## Early Childhood Education

Ms. Kristaira Bryant, Early Childhood Education instructor is pictured talking with parents and students of Level I and II. She was discussing the expectations of the Greenville Technical Center, as well as Early Childhood Education program. She also talked about the requirements, upcoming field experiences and events that the program offers.

In addition, Ms. Bryant's Level I students have been learning the proper feeding practice, diapering, and one method to preventing the spread of disease in infants. Pictured to the left are Markevia Shavers, Jazymne Harris, Rodericka McKnight and Makayla Robinson. Jazymne Harris is showing off some of her skills learned in holding and feeding an infant properly.

## Culinary Arts: Breakfast Food, Dairy and Sandwiches

Ms. Jermeka Smith, Culinary Arts instructor, is pictured demonstrating how to make an omelet to her Level II students and Focus Friday-Early College students. The Focus Friday students are ninth grade students who attends Mississippi Valley State University and were visiting the Greenville Technical Center on Friday, September 14, 2018. After watching Ms. Smith some of the students were given a chance to showcase their omelet skills.

Pictured to the right are Culinary Arts Level II students. These students helped to prepare fresh cookies and brownies for GTC's Open House that was held on September 17, 2018. During this event, parents and students came to speak with their teacher. They learned information such as what attire their child will need during shop, lab, field experiences, and student's current grade standing.

## Information Technology

Information Technology Level II students got an opportunity to showcase what they learned as a level one student. During our Focused Friday the Early College Students who were interested in Information Technology spent a class block learning about the field of Information Technology. These students identified the internal components of a computer, participated in review games using interactive tools such as Kahoots, Quizizz and Quizlet.live with the level II students. The students also got an opportunity to utilize our virtual lab on [www.testout.com](http://www.testout.com) to get a glimpse of our hands-on-activities via a virtual lab.

## Manufacturing Basic: Safety – Hot Work Hazards

Mrs. Harris, Manufacturing Basic instructor was allowing the students to watch a demonstration of an instructor brazing two pieces together. The objective here is for the students to learn the different hazards associated with welding.

## Agriculture and Environmental Science and Technology: 3-D Animal Cell

The students in Concepts of Agriscience were assigned a 3-D Animal Cell Project. The students had to use their knowledge on the animal cell to produce an awesome cell. Pictured left are Veranda Lewis and Justin Juitt. Also Pictured to the right are students planting their fall garden. They planted different varieties of greens, raddish, and broccoli.

## Welcome New Employee

Mr. Sherod Reed has been in law enforcement for 20 years. He has a background in emergency medical services, fire service, and the military. He is on the FBI's Joint Terrorism Task Force and is on the Executive Board of the Mississippi

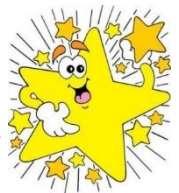

Associations of Chief of Police. Mr. Reed served six years as Chief of Police for the Greenville Public School District as a contractor for the Mississippi Dept. of Education Safe and Orderly Schools Division. Chief Reed is an instructor for the Board on Law Enforcement Standards and Training Division for the Mississippi Department of Public Safety. Mr. Reed is a native of Greenwood, MS and attended Mississippi Valley State University where he majored in Public Relations.

## Law & Public Safety: Listening Through Hand & Eye Coordination "The Wright Family Vacation"

Mr. Reed GTC's newest employee was directing his Level II class in a hand and listening exercise. The objective of this exercise was that the students had to listen and learn to work together by passing coins to the left or right person according to the instructions given by Mr. Reed. The students found the activity to be fun and they learned the importance of listening and following instructions when you have to work together.
