916. BOOSTER ORGANIZATIONS	
1. Purpose	<p>The Board recognizes the existence and appreciates the efforts of the various community-based Booster/Support Clubs at work in the school community. The Board and Administration are also fully cognizant that without the countless hours members of these groups give to their respective organizations, district programs, athletic and nonathletic, would suffer. Collaboratively, these activities should be consistent with the philosophy and objectives of the district and its Board policies. In this regard, equity principles and compliance benchmarks described in Title IX law must be used to guide fundraising.</p>

4. Guidelines

Finances

The Board recognizes that the focus of each Booster/Support Club is student-centered and, thus, groups contribute in a material way through services, supplies, equipment or other to School district students. Often, this can have a direct result which lessens the financial burden to the district taxpayers; however, it is the school's responsibility to know what resources are coming into a program and to avoid any disparity that the resources may create. The Board specifically acknowledges that expenditure reports are necessary to ensure compliance with Title IX regulations.

Each Booster/Support group or organization shall submit to the Board, on an annual basis, a comprehensive financial plan which shall, at a minimum, outline the proposed fundraising activities, the specific purpose of the fundraising activities, and any anticipated or recently completed major expenditures for the time period. The Board shall coordinate the proposed fundraising and expenditures so that the Administration and Board can oversee the comprehensive fundraising plan for all organizations so as to avoid duplication of effort and improper activities. For purposes of this policy annual basis shall mean and require that the organization submit their financial report and fundraising plan one (1) month before the defined fall, winter or spring seasons began. All summer fundraisers must be approved at the May Board meeting. This timeframe permits the Board to approve such reports.

The Board shall expect all Booster/Support Clubs to notify them through the Athletic Director of anticipated fundraisers annually.

Each Booster/Support group shall name an FDIC insured depository bank into which all proceeds and receipt shall be deposited. Booster/Support groups must follow appropriate accounting practices in maintaining and disbursing funds.

Booster/Support groups shall not use the district tax-free number for purchases. Groups should consider filing with the Commission on Charitable Organizations, Department of State, as a charitable nonprofit organization.

When using existing supplies and equipment, it must be restored to its original status.

	<p>Proposed improvements to the district buildings and grounds being made by the Booster/Support organization must have the approval of the Director of Operations and Maintenance and the principal receiving the contribution. Consultants to the Booster/Support groups for various projects (i.e., construction) should not be engaged without School Board approval.</p> <p>Carryover funds should be encouraged for long-term success of the club.</p> <p><u>Annual Reports</u></p> <p>On an annual basis, each organization shall submit a post-season fundraising financial report to the Board and confirm that its finances are in good standing and have been reviewed and submitted by the Treasurer. This report must be submitted within a timeframe designated by the Board.
