

Annual Public Notice of College, Career and Technical Education Opportunities

2020-2021

In compliance with the United States Department of Education Office for Civil Rights (OCR) *Guidelines for Eliminating Discrimination in Vocational Programs*, 34 C. F. R. Part 100, App. B, IV (O), all career and technical education opportunities of the Franklin County School System are, and will be offered, without regard to race, color, religion, national origin, sex, age, or disability.

Notification of this compliance is included in, but not necessarily limited to, applications for employment, official postings of certified openings (newspaper), employee handbooks, and the *Code of Behavior and Discipline* (parents, students, and staff), as well as posting on the system web-site, and at the district office and the middle and secondary schools.

The lack of English language skills is not, and will not be, a barrier to admission and participation in career and technical education programs. This notice shall be disseminated, as needed, to individuals in their native language if the individuals have limited English language skills.

The CCTE program in Franklin County provides training (specific courses) in the following twelve (12) state approved areas of CCTE. The specific course offerings for the program areas are as follows:
