Grades 5 and 6 Assignments for May

The following assignments are due for May and the end of the school year.

Grade 5 (Patterson) and Grade 6 (Kekel)

Please login to www.learning.com

In the right hand corner you should see:

Please click on three horizontal lines.

This will bring down a scroll down menu and you should see login. Click on it.

Username for 5th grade is: 27first name.last name

6th grade is: 26first name.last name

Password is: lunch number

District is southern. This is a little tricky. Just type in southern and a drop down menu will come up and you need to click on southern-salineville.

Here is an example:

27 joseph.jones

11232

southern-salineville

(In 5th grade the following students have a different number and they are: wyatt, aurora and hannah. Your number is 26first name.last name)

Here are some common mistakes: if your name is Joe you need to type in your full name such as Joseph. Sometimes you put the period after the number - wrong. It should be placed after the first name and don't use spaces or capitals.

5th *grade will have completed all 11 assignments:*

Online Safety: Communicating Online and Cyberbullying

Online Communication: Sending Email Messages

Online Communications: Responding to Email Messages

Online Communications: Reading and Writing Blogs

Online Communications: Sharing on a Community Site

Online Communications: Communicating with Instant Messaging

Email Basics Unit Quiz

Internet Usage: Research, Resources and Ethics

Internet Usage: Web Searches

Internet Usage: Safe and Effective Online Searches

Internet Usage: Browsing on the Internet

6th grade will have completed all 14 of the following assignments by the end of the school year:

Internet Usage: Effective Search Strategies

Online Safety: Dealing with Cyberbullying

Internet Usage: Ethical Use of Digital Resources

Online Safety: Digital Citizenship

Online Communications: Communicating with Instant Messaging

Online Communications: Reading and Writing Blogs

Online Communications: Responding to Email Messages

Online Communications: Sharing on a Community Site

Email Basics Unit Quiz

Online Safety: Communication Online and Cyberbullying

Internet Usage: Browsing on the Internet

Internet Usage: URLs and Websites

Online Communications: Communicating with Podcasts

You need to get 70% or higher. If not, you need to redo it until you do.

If you have questions email me anytime at:

tonyea.kellison@southern.k12.oh.us

Read some current events on dogonews.com from time to time and you should practice keyboarding once in awhile. A really good site is typing.com

Again I feel bad that I did not have you the last nine weeks as I was really looking forward to having your classes. Stay safe and be good!

Mrs. Kellison
