Students' Eligibility Rules

I. Definitions:

1. The "first official day of school": Registration day, traditionally the first abbreviated day of school for students in our county.

2. “Enrolled”: When the student’s parent(s) or guardian has completed and returned the registration form required for attendance at the school on or after the first official day of school; and one of the following applies to the student:
 - The student attends classes for three days; or
 - The student engages in three or more days of practice after the first official day of school; or
 - The student participates in an athletic contest after the first official day of school.
 A student cannot be enrolled in more than one school at any time.
3. “Bona Fide Change of Physical Residence”: A move from one community to another that justifies a change of schools; or Court action which changes the custody rights pertaining to a student and where the person who is given custody of the child lives in a different school zone than that where the student lived previously. Where a family continues to maintain a previous residence for the residential purposes of that family or any of its members, the move is not one that justifies a change of schools. Therefore, the student would not be eligible for the remainder of that school year in the newly enrolled school. Athletes who have participated in athletics at a particular elementary school and wish to transfer to another elementary school must have a Bona Fide Change of Physical Address to the zoned school that they wish to attend. This shall include transfers between school years. If there is no Bona Fide Change of Address (move is performed by approved out of zone request), the athlete will not be eligible for 12 months from the date of the last contest the student participated. Eligibility only applies to the sports the student participated in the previous year.
4. “Dual Residence”: When the student’s parents or guardians live separately in different school zones or the student’s parents or guardians own and/or live in multiple households in different school zones. The student’s enrollment at one or the other schools at the beginning of the school year determines the “Bona Fide Physical Residence” for the student at that particular school during that one school year for the purposes of participating in sports. The student may be eligible to participate in sports at another school only if there is a “Bona Fide Physical Residence” of the parent or guardian, as defines in Paragraph 3 directly above.
5. Home school students must meet the requirements defined in TCA 49-6-3050 (b).
6. Private schools may apply for athletic CO-OP agreements with Cumberland County Schools. Granting of such CO-OP agreements will be at the discretion of the Board of Education and must be approved annually.
7. Athletes from approved home schools, private school co-ops, and/or other non-traditional schools must participate at the school for which they would normally be zoned.
8. Students may participate in multi-sports. However, the in-season sport must take precedence. If the student quits the in-season sport during the season, then he/she must wait until the season is over to resume full participation in the off-season sport.

II. Age:

No student shall be eligible to compete in elementary athletics during any school year if the student becomes 15 years of age on or before August 1, and no student shall be eligible to compete at junior varsity level (sixth grade and below) in elementary athletics during any school year if the student becomes 13 years of age on or before August 1.

All countywide and middle school sports participants must be in 7th or 8th grade

Varsity Basketball Cheer squads will be comprised of sixth through eighth grade students. Fifth graders may cheer on varsity at the coaches' discretion with proper documentation of above average skill.

JV Cheer squads will be comprised of third through fifth grade students.

Schools with total enrollment (K-8) of less than 350 do not have grade restrictions.

III. Enrollment:

To be eligible to participate in athletics, a student must be enrolled at the school where they intend to participate in sports.

IV. Student Transfer

1. A student will be eligible to participate in sports after transferring to a different school if:
 - a) The student was originally enrolled in a school within his or her school zone and experiences a Bona Fide Change of Residence into the school zone where the new school is located; or
 - b) The student was attending a school where his or her parent is an employee and the experiences a Bon Fide Change of Residence into the school zone where the new school is located; or
 - c) The student was attending a school where his or her parent is an employee and that student's parent is transferred to a different school. In that case, the student may transfer to either the school for which his physical residence is zoned or the school to which his or her parent has been transferred.
 - d) The student transfer is a result of a zoning decision that is *unrelated* to employee zoning privileges. Employees may not transfer their student multiple times.

V. Eligibility Reports

To be eligible students must have their names, birth dates, school of attendance, date of physical exam, and proof of insurance submitted by each coach to the principal of the school and the Coordinator of Elementary Athletics within 5 days of initial participation. At the end of each grading period a copy of each student's academic grades must be submitted by the coach, to the principal of the school and the System Wide Athletic Director.

VI. Enrollment, Physical Exam, and Health Insurance

1. It is required that no student be permitted to participate in practice sessions or in athletic contests until there is on file with the principal a preparticipation medical evaluation form signed by a doctor of medicine, osteopathic physician, physicians assistant, or certified nurse practitioner stating that the student has passed a physical examination, not prior to April 15, and that in their opinion the student is physically fit to participate in interscholastic athletics. In lieu of the form, the principal may accept a signed statement from the health care provider certifying that the student has passed a physical examination that encompasses all elements on the preparticipation medical evaluation form and attesting that in their opinion the student is physically fit to participate in interscholastic athletics.

Students who fail to maintain adequate academic standards shall be ineligible for the following nine-week period; effective the day grade cards go out.
