

Call Out for January 11, 2021

This is Richard Dennis, Superintendent of Elmore County Public Schools.

Due to the increased number of personnel quarantined and self-isolated at Coosada Elementary and Holtville Elementary Schools, both schools will transition to virtual platforms for the remainder of this week for all students. We will evaluate the health status of each school after Friday and determine if they will return on Tuesday, January 19. Parents/guardians of students at Coosada Elementary and Holtville Elementary Schools will be notified of a specific return date as soon as possible.

We apologize for this inconvenience and hope everyone will take precautions and remain safe. Thank you for your support.

*Every Student Empowered, Every Student Succeeds.*

Richard Dennis
