

## 2019-2020 Benchmark Content Checklist

## Algebra I – SEMESTER Mississippi WPHS

Please complete this form to communicate to the CASE Assessments team which content to include on each of your district's benchmarks.

District or School: West Point High School

Person completing this form: Kayla Allen

Date: 4/9/2019

NOTE: Checking a standard signifies that the standard is to be assessed in its entirety. Since benchmarks are cumulative (testing curriculum taught from the beginning of the course), any standard checked for a benchmark will be assessed on all subsequent benchmarks.

In order to create balanced assessments that fully reflect the course material, CASE recommends customers select between 6-12 new standards per benchmark.

## The final benchmark will be comprehensive and assess all standards.

Any requested changes to the checklist after it has been submitted to CASE may be subject to additional charges and/or adjustment of original test delivery schedule.

Please return this form to Marilyn Searcy: Email: marilyn.searcy@wespoint.k12.ms.us
