January 12, 2021

Dear CISD School Family,

The purpose of this letter is to inform you that we had four additional students test positive for COVID19.

Of those students who tested positive, two were 12th grade, one was 9th grade, and one was 8th grade. We also had other students and or employees that have tested and await results. We hope that all involved have few if any symptoms and return soon.

Due to the newest cases, we have quarantined several students and have canceled and rescheduled the boys' JV and Varsity basketball games for the week. The girl's team will play as scheduled. In all, 27 students were quarantined at the secondary level and 1 student has been quarantined at the elementary level.

All students that are required to quarantine have been notified.

All rooms and areas of concern have been disinfected and we will continue our mitigation strategies. As stated last week, we urge caution in sending your child to school if they feel sick in the coming days.

We will keep you posted with any future COVID positives, but please let us know if you have any questions.

To conclude, I hope you enjoyed the snow yesterday. I hope you saw beauty in both the snow and your family. I know we would all like to bust COVID with a big snowball. Below is a picture of my son busting me with one.

Sincerely, msd
