Draw a picture of you doing your best!

-  Take my time and not rush.
-  Read each question and answer choice carefully.
-  If I get a question I have not learned yet, just do my best.

-  For Math—I will use pencil and paper to work out a problem.
-  For Reading—I will read each passage carefully and go back and reread the passage when necessary.
-  I will double-check my answer before moving on.
