- 5-9: Spring Break**
- 20: SIC Meeting/ Title One Planning Meeting (4:00 pm)**
- 20: Board Meeting (6:00pm)**
- 20: 3rd Quarter Report Cards**

## **Principal's Message: Just A Nugget**

By Catherine Yates

Greetings Panther Family!!

In the upcoming months, I will be sharing with you pieces of information that will hopefully inspire you to keep pushing forward and keep looking up. I will also be providing you with information to keep you informed as we move closer to closing out the 2020-2021 school year. Here's your first "Nugget".

Parents, in these times we still have to be encouraged and encourage our students to do their best. We have reached the midpoint of 3rd quarter and we need your help to ensure that students are getting their missed assignments completed. Please check the grades section of your students Google Classroom. It clearly outlines all the assignments that have been assigned to students. It shows if an assignment is missing and it will let you know what their current grade is.

In order for you to know your child's status, I am providing you with our current grading scale:

**90 - 100 A**

**89 - 80 B**

**79 - 70 C**

**69 - 60 D**

**59 - lower F**

In order to be promoted to the next grade, all students' final grades in English, Math, Science and Social Studies must be 60 or higher.

"Failure isn't when you lose the race or fall down. Failure is when you quit trying. It's when you don't get up and try again."

# HRMS March Madness Mathematics Trivia

During the month of March, students and faculty had an opportunity to participate in the HRMS March Madness Trivia. Each morning, a mathematics question of the day was asked. This question had a math riddle that had to be solved. The participants had to email their answers to the Mathematics Department. The next morning, the answer was revealed, along with a list of the winners' names. The winners received prizes (candy, chips, etc.) at the beginning of the following week. At the end of March, there will be special prizes for participants that had the most correct answers in a week and for the first person who answered the question of the day.

## PI- Day

*"Everything should be as simple as possible, but not simpler." - Albert Einstein*

On the week of March 14th, the HRMS Math Department celebrated Pi (3.14) Day.

Each day, our Math students did the following activities:

- Completed a short assignment to research a mathematician of the day and event that happened on that particular day in history. They also had to review their research and explain how it is math related.
- A funny related math quote was shared with our students.
- Ms. G wore a different Pi Day T-Shirt each day of the week.
- On Pi Day, students experienced finding the Pi number by measuring the circumference and the diameter of different size circles. The purpose of this activity was for the students to get the closest measurement possible to the number Pi (3.14).
- At the end of the week, each student received a delicious mini pie, and selected the flavor of their choice.

## School Reminders

- **PowerSchool Access codes are available to students and can be sent to you from our School Counselor, Mrs. Simuel.**
- **All rising 7th grade students must have their T-Dap shot before the first day of school in 2021.**
- **On each Friday, parents may pick up breakfast and lunch for students at our school. Time of pick up is 11:00am -12:00pm (Excluding Holidays).**
- **Pre-Order your 2020-2021 yearbook. The price is \$20.00. Contact T. Lemon, E. Johnson or A. Gavrilas to pre-order your yearbook.**

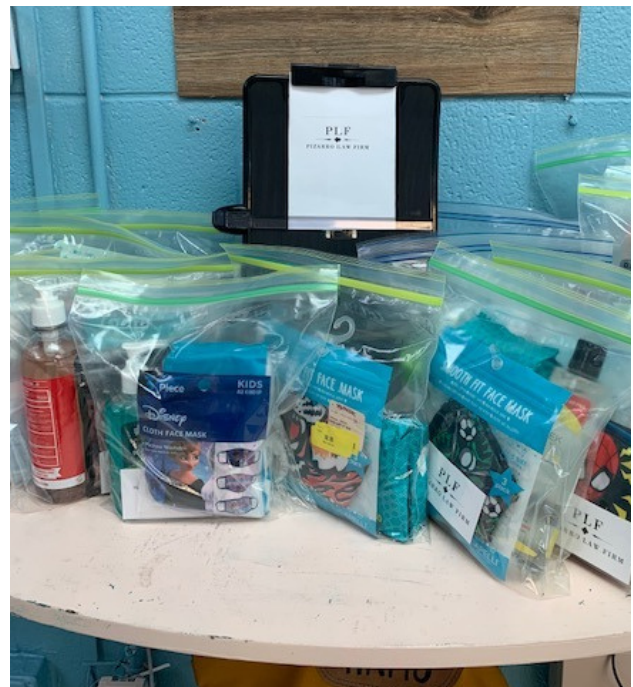

## CLEAR BOOKBAGS ARE REQUIRED ON CAMPUS

BOOKBAGS WILL BE PROVIDED FOR STUDENTS.

If you have any questions, please contact the school at (843) 462-2470.

## HRMS RECEIVES A DONATION FROM A LOCAL LAW FIRM

Our school received a generous donation of PPE equipment from the Pizarro Law Firm in Harleyville. Several personalized bags of masks, sanitizers, and wipes were delivered. This donation was a big help to our school. We are truly grateful and we would like to extend our thanks again to the Pizarro Law Firm for their generosity.
