1st Grade Practice

Dear Students,

We hope you had a great week on Raz-Kids! Feel free to check out as many books as you can in the Reading Room. Remember, the more you read, the more rewards you earn.

Please complete the activities on the next few pages. Other things you can do daily:

- 1) READ (anything you want, as much as you can, to yourself or a parent or a sibling).
- 2) Work on sight words (the complete list and flash cards are available on my website).
- 3) Work on real life math problems with a parent, grandparent, or older sibling (such as helping them cook, telling time, or naming and counting coins).
- 4) On your personal electronic device (smartphone, tablet, computer), work on one of the websites listed on my website.

These are the websites we use at school weekly, plus some just for fun.

If you can print the packet, GREAT! If not, just write the answers to the questions on your own paper. Work through this packet and try your best!

Parents, Thank you for taking the time to give your child access to this. Please read all of the directions to them and guide them as needed. Once online however, they should be completing the work themselves, but may need assistance navigating the website this week.

*Math Worksheets are from Education.com or Math-Aids.com (or as noted) and were not written by SOES faculty. Math-Aids.com is a great website for extra math practice across grade levels, has a variety of topics, and it's FREE!

<u>Date</u>	<u>Reading</u>	<u>Math</u>
Monday, April 27	<p>Login to Raz Kids at https://www.kidsa-z.com/main/Login and enter your teacher's username. Then click on <u>your name</u>. Then click on your password. Find the login instructions on your teacher's website or here: https://content.schoolinsites.com/api/documents/125045a1a40f48e790555c194818c67e.pdf</p>  <p>Go to the "My Assignments" Rocket and read the book <u>The Three Little Pigs</u> to an adult. You can also click the headphone icon and read along with it.</p>  	Today we are practicing our basic math facts.
Tuesday, April 28	<p>On Raz Kids, go to the "My Assignments" Rocket and <i>reread the book</i> <u>The Three Little Pigs</u> to an adult. Then click on the question icon and answer the 5 questions about the book. At the end, if you get one wrong, go back and try to get it correct the second time. (Hint: If you need help, you can click on the words in the sentence and it will read the question and each answer choice to you.)</p> 	<p>Today we are adding larger numbers. Ex:</p> $\begin{array}{r} 24 \\ +15 \\ \hline \end{array}$ <p>Add the ones 9 Add the tens 3 Your answer is 39.</p>
Wednesday, April 29	<p>Write a retelling of <u>The Three Little Pigs</u>. Include the main idea, three details, and a closing sentence (5 sentences total). Don't forget to use an uppercase letter and end mark for each sentence. Read your writing out loud when you are done. Does it make sense?</p>	<p>Today we are adding. Remember it doesn't matter what order you add numbers, the answer is the same. $3+4=7$ and $4+3=7$.</p>
Thursday, April 30	 <p>Go to the "Reading Room" Rocket and choose a fiction (a fun, pretend story to entertain you) story to read. Then click on the question mark to answer the comprehension questions.</p>	<p>Today we are going to practice place value. Remember the ones place is on the left and the tens place is on the right.</p>
Friday, May 1	 <p>Go to the "Reading Room" Rocket and choose a nonfiction (one that tells you facts and information about the world around you) story to read. Then click on the question mark to answer the comprehension questions. Lastly, go to the "Level Up" Rocket and use your reward stars to customize your rocket and your robot. Have fun!</p>	<p>Today we are going to continue practicing word problems, but with 3 numbers. Remember to add 2 numbers first, then add the third number.</p>
