Here's the Scoop

Dear Parents,

During our unprecedented school year, the lessons WE have learned and shared center on collaboration, the ability to pivot, and caring for our children.

As a school community, WE have collaborated - parents, students, teachers, staff, administrators, and clergy. WE have welcomed and followed the guidance and direction of the Archdiocese of Baltimore's leadership team, the personnel at the Center for Disease Control (CDC), and the medical team at Frederick County Health Department. WE have appreciated our educational partners at the Friends of Catholic Education (FOCE), Mount St. Mary's University, our local high schools, as well as numerous other leaders and engaged organizations.

With safety, faith, and academic excellence in mind, WE have pivoted into and through the unknown. Some words and phrases have become part of our new vocabulary, such as temperature checks, face coverings, cohorts, re-opening plans, social distancing, live-streaming, and the myriad uses for plexi-glass! During this global pandemic, WE have been called to navigate challenges, take risks, and adapt to changes and updates throughout the school year. As a community, WE have progressed through these challenges, often with the mindset of seeing these challenges as opportunities!

Most importantly, the students and their well-being have been at the center of OUR decisions and actions. WE have deeply cared for the students and have carried this important responsibility of keeping our students, teachers, staff, and families safe in our hearts and minds every day! WE accomplished this tremendous feat together!

We thank you for your prayers and support - look forward to a fantastic 2021-2022 school year!

Volunteer Hours

Our SJRCS community is incredible. We had over 35 people volunteer. We appreciate ALL the parents, students, and community members that volunteered to help the SJRCS faculty and staff

move various items and furniture on Friday June 11th. With such tremendous effort and help we were able to accomplish the task of reorganizing classrooms. The winners of the 15 volunteer hours for helping move items are the El-Amin and Sievers families. We appreciate your assistance and congratulations!
