

STUDENT INVOLVEMENT IN DECISION-MAKING

Category: O

The role of the school is to create a stimulating learning climate which develops Active involvement of students in their education and develops a spirit of inquiry. The Board believes that a student should:

1. Be encouraged to participate in planning classroom activities and in improving courses of studies;
2. Feel free to express, without fear, their own opinions, recognizing that every privilege and right has a corresponding responsibility.
3. Be involved in the planning of assembly programs and school-sponsored forums of interest;
4. Be encouraged to participate in student government organizations that provide students with a voice in school affairs; and
5. Be encouraged to participate in a variety of extra-curricular activities to broaden their educational experiences.
6. The Board may choose to add a nonvoting student member from a high school in the District to the Board.
