In case of inclement weather, Divine Redeemer uses a telephone broadcast system to notify all households by phone of a school closing. When used, the service will simultaneously call all listed phone numbers in our parent contact list and will deliver a recorded message from the principal. The service will deliver the message to both live answer and answering machines. A no answer or busy signal will be automatically retried twice in 15-minute intervals after the initial call.

Under normal conditions, Divine Redeemer will close when the Arrowhead School District closes, and busing will be cancelled if the public school buses do not operate. When school is cancelled due to inclement weather, all other school related activities for the day are also cancelled.

If school is closed before the start of the school day, home numbers will be called between 5:15 AM and 6:00 AM. If school is in session and it is necessary to close school early, parent cell phone numbers will be called.

School closings can also be heard on any of the following:
