	<p>come out of the Department of Education are an effort to reduce out-of-school suspensions. The policy now allows the school system to shorten an expulsion; allows for expulsion to be expunged from a student's record; and notifies parents of where they can seek free legal representation in case of a student expulsion. The policy also now allows the Board of Education to expunge a student's record as well as shorten an expulsion/suspension. However, if the suspension or expulsion is shortened based on a student receiving counseling or drug testing, then that expense must now be borne by the school system. Only community service requirements do not have a monetary requirement on the part of the school system.</p> <p>Mr. Lawson moved to send policy 5114 Removal/Suspension/Expulsion to the Board for approval, seconded by Mr. McSherry, passed unanimously.</p>
