W. P. Davidson High School
Honors Algebra 2 with Trigonometry
Fall 2019

Dear Parents:

Your student has been assigned to my Honors Algebra 2 with Trigonometry class this semester and I look forward to getting to know you and your student. Algebra 2 is a continuation and expansion of the algebra students learned as freshmen. We will spend the last two months of the course learning analytic trigonometry.

Today in class your student was given a Syllabus that provides details about how our class will operate. Please take a moment to read the Syllabus and feel free to contact me with any questions or concerns. The best way to contact me is via e-mail through the school's website (wpdavidson.org, then "School Staff") or at jparker1@mcpss.com. Phone messages left at the school office will be returned in the afternoon. Throughout the semester, please do not hesitate to contact me with any questions or concerns about your student. I encourage each of you to obtain your PIN from the school office so you can access your student's grades on the Internet.

As indicated on the Syllabus, student grades will be calculated as follows:

20% - quarter exam – This is a cumulative exam covering all material taught in the course.

48% - TESTS – This includes end of chapter tests and some quizzes.

24% - assignments & quizzes – This category includes quizzes and assignments that will be graded for accuracy.

8% - effort – This category includes in class and out of class assignments that are graded for effort only.

Davidson PTA will host an Open House on September 18, 2018 at 5:30 pm. Most of the evening is devoted to meeting teachers and visiting classrooms. I hope to meet each of you that night, if not before.

Please complete and return the sheet attached to this letter. Do not hesitate to contact me and I look forward to meeting you. I remain,

Very Truly Yours,

A handwritten signature in black ink that reads "J Parker". The signature is written in a cursive, flowing style.

Jenny M. Parker

Comments/Notes: _____

Parent E-Mail Address _____

please print neatly

Parent/Guardian Signature _____

Please send an e-mail to jparker1@mcpss.com so I will have your info in my system. It would be sweet if you could tell me about something goofy your child has done recently. I have over a hundred students to get to know quickly and could use your help.
