Divine Redeemer Lutheran School uses a web based grade book this year. In addition to improving classroom management for teachers, the grade book will afford third through eighth grade parents the opportunity to view their child's grades on a regular basis. This is another tool to keep regular and open communication between school and home.

In order to view grades, you need to become a "Registered Parent." To become a "Registered Parent," go to the following website: fastdir.com/drls. On the left side of the screen click "Parent Activation." You will be asked to complete a form that asks for your name, address, city, state, zip, phone, email, and activation code. The school office will assign a personal code prior to your activation. Once the form is completed click the submit button. Your account will be activated and you will receive instructions via email. If you do not have an email address or access to the internet, please call the school office and we will help you obtain access to the grade book using our computer lab.

Once you are familiar with using the grade book, I'm sure that you will find this a very useful tool. If you have any difficulty obtaining access, please call me, and I will be happy to help.
